A rule or regulation is not subject to amendment by change, addition or repeal until it has been in force for at least two calendar years. Such limitation may be waived by the PHBA Executive Board upon finding extraordinary circumstances: A. Concerns the safety, health or well being of a horse and/or rider; B. Materially benefits PHBA's programs or it's financial stability; or C. Involves other compelling circumstances.

The PHBA President will assign proposed bylaw or rule changes to specific committees for their recommendations. Some committees may be asked to review a proposed rule change and report their recommendations to another committee that ultimately reports to the Board of Directors. Committee Chairs will need to coordinate that input. Committees are free to discuss other proposed rule changes but the assigned committee's recommendation is that which will be used during voting at the Board of Directors' meeting.

Instructions for writing a proposed rule change:

- Define the problem and develop as many positive solutions as possible.
- Determine if any other rules would be affected if your proposal were to be adopted and specify the rule numbers.
- Submit proper wording for a proposed rule change by typing or neatly printing the exact wording being proposed. If you propose changes to existing language, ~~strike through~~ the words you propose to delete. *Type in bold and italics* the words you wish to add
- Determine the financial impact (both income and expense) your proposal could have on PHBA.
- You must get signature of three (3) PHBA members who support this proposal.
