6. Writing proposed rule changes:

- Define the problem and develop as many positive solutions as you can.
- Determine if any other rules would be affected if your proposal were to be adopted, and specify the rule numbers.
- Submit proper wording for a proposed rule change by typing or neatly printing the exact wording being proposed. If you propose changes to existing language, ~~strike through~~ the words you propose to delete. Type in **bold and italics** the words you propose to add.
- Determine the financial impact (both income and expense) your proposal could have on PHBA.

The PHBA President will assign proposed rule changes to specific committees for their recommendations. Some committees may be asked to review a proposed rule change and report their recommendations to another committee that ultimately reports to the Board of Directors. Committee Chairs will need to coordinate that input. Committees are free to discuss other proposed rule changes but the assigned committee's recommendation is that which will be used during voting at the Board of Directors Meeting.

Show Management Responsibilities Rule 3070, Subcategory B, add item 9.

ADD:

9) Show management is required to provide photocopies of Judges score sheets that are available to all exhibitors to review throughout the duration of the show, or at the written request of an exhibitor after the show for 60 days.

This rule change would help show that show management is being clear and transparent with all show results and help exhibitors learn why they received the placing and score they did and be able to learn from it. This also helps back up placings and catching any addition errors. This will also help eliminate any complaints that can be resolved by seeing what they judge saw and how they scored it before making a verbal complaint to show management.

No other rules would be affected.

Impact to PHBA: none – original score sheets are still being submitted to PHBA.

Expense to PHBA: none - Show management will have a small expense in copies and should be keeping those copies in the records anyway.
