Use to submit a rule change proposal (must be postmarked 120 days prior to convention)

A rule or regulations is not subject to amendment by change, addition or repeal, until it has been in force for at least two calendar years, which limitations may be waived by the Executive Board upon finding extraordinary circumstances: A. Concerns the safety, health or well being of a horse and/or rider; B. Materially benefits PHBA's programs or it financial stability; or C. Involves other compelling circumstances.

Existing rule number 3706

OR

Proposed new rule number

Originator's recommendation for change: (Rule should be written as it should appear in the Rule Book)

The two (2) containers for flags shall be either two (2) or two and a half (2 1/2) gallon plastic buckets without obstructions, such as bails or ears. Material in containers should be loose sand or arena dirt and filled to within a half (1/2) inch of the top of each bucket. Buckets shall be set on the outside edge of the barrels with the flag in the center of the bucket. The flag sticks are to be fourteen (14) inches long and one half (1/2) inch in diameter wooden dowel rods with blunt ends and with a three (3) inch marker on the flag stick to indicate how deep to put the flag down in the dirt. One (1) six (6) inch by eight (8) inch rectangular flag shall be securely attached to the flag stick as to not cause injury upon retrieval or disposal of the flag.

Originator's justification for change and impact if not passed: (Proposal will be return if not completed)

There have been numerous discrepancies between the bucket sizes, material in the bucket, flag thickness and length of flag sticks across several APA shows and including the World show. As with training and preparation for any other class, such as trail where obstacles must meet certain size and distance requirements, here needs to be consistency among the requirements for this class at every show.
