With the submission of this form it will eliminate the situation that I had happen at two different shows in two different states. 1. If all times had been recorded on this form show management would have had positive proof of the time of a run that was DQ by judges and per the rulebook it was a qualified run. They did not have a record anywhere of the time of that run, it was not recorded by the announcer nor any of the judges. 2. At the second show, the select classes were added the day of the show, the exhibitor called for her time to be rolled over in the flags to all three division, open/amateur/select. The judges or show management did not record it anywhere and that resulted in the select class not being reported and in an effort to correct there was not any record.

With the addition of this form and it being the judges responsibility to record the results, I feel we will eliminate the above scenarios or any others that arise in the future.
