

FOREWORD

The organization we know as the Palomino Horse Breeders of America (PHBA) was formed in 1941 to collect, record, preserve the purity of blood, and improve the breeding of Palomino horses. The original concept began in 1938 due to the efforts of numerous dedicated horsemen and horsewomen.

This edition of the PHBA Handbook contains the rules governing registration, shows, judges, races, youth, amateur, and novice amateur programs in addition to the PHBA, PHBA-Youth, and PHBA-Amateur Constitutions and By-Laws.

DISCLAIMER

This Handbook is provided for information only as a courtesy from the Palomino Horse Breeders Association of America and should not be relied upon for legal advice or counsel.

Every effort has been made to ensure that this Handbook is a complete and accurate reference; however, the Executive Board cannot guarantee that it includes every rule and by-law that might be considered important by every user.

Please refer to the PHBA website for additional and updated information.

To record and preserve the pedigree of the Palomino Horse while maintaining the integrity of the breeds. B. S/he signs the entry blank on behalf of themselves or another, or causes an agent or representative to sign it;

C. S/he physically participates in the event by riding or showing the horse;

D. S/he is the actual trainer having presented, or having caused to be presented, the horse at the show grounds for exhibition.

2507. Both the exhibitor designated on the entry blank and the one having actual possession of the horse while physically participating with the horse in the event are conclusively presumed to be authorized by the owner to execute all documents, necessary or convenient, to allow the horse's participation in the PHBA approved event, including documents pertaining to drug testing and the administration of drugs to facilitate sample collection.

2508. The owner, trainer, legal guardian or exhibitor is responsible to witness the collection, sealing, tagging and signing the documentation of the sample(s). However, if the owner, trainer or exhibitor choose not to be present during these procedures a waiver of witness of the collection sealing and tagging must be signed.

2509. If the exhibitor designated on the entry blank is prevented from performing his/her duties, including responsibility for the condition of the horse in his/her care, by illness or otherwise, or is absent from any show where horses under his/her care are entered or stabled, s/he shall immediately notify the show secretary; at the same time, s/he shall appoint a substitute, and such substitute shall place his/her name on the entry blank forthwith.

The voluntary action in entering a horse or exhibiting in an approved PHBA horse show, indicate responsibility for the condition of the horse and eligibly for disciplinary actions, whether or not the above mentioned persons had actual knowledge of the presence of a forbidden drug, directly participated in the administration thereof, innocently miscalculated its retention time in the horse's system, or any other reason for its presence is established.

2511. Every exhibitor shall, upon request of the show management or a PHBA representative, permit a specimen of urine, saliva, blood, or other substance to be taken from their horse for testing, and/or permit their horse to be inspected for use of mechanical device or artificial appliance.

2513. Refusal to comply with such request may constitute grounds for immediate disqualification of the horse from further participation at the show, may bar the horse from participation in future PHBA approved events or shows for such period as determined by the Executive Board or appropriate committee, and shall constitute grounds for suspension of PHBA membership.

2514. It is presumed that the sample of urine, saliva, blood, or other substance tested by the approved laboratory to which it is sent is the one taken from the horse in question, its integrity is preserved, and that all procedures of same collection and preservation, transfer to the laboratory, and analysis of the sample are correct and accurate, and that the report received from the laboratory pertains to the sample taken from the horse in question and correctly reflects the condition of the horse during the show in which it is entered. The burden is on the exhibitor or other responsible party to prove otherwise at any hearing in regard to the matter conducted by PHBA.

2515. If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from the horse indicated the presence of a forbidden drug or medication, this shall be taken as prima facie evidence that such substance has been administered.

B. Any stimulant, depressant, tranquilizer, or sedative which could affect the performance of a horse (stimulants and depressants are defined as substances which stimulate or depress the cardiovascular, respiratory or central nervous system).

C. Any substance, regardless of how harmless or innocuous it might be, which might interfere with the detection or quantitation of any substance defined in **A, B or C.**

D. Any anabolic steroid in halter classes, **Rule 2527** does not apply.

E. Any non steroidal anti-inflammatory drug (NSAID) other than those listed in **Rule 2528 C 1-8** below.

F. Any metabolic and/or analog of any of the above described forbidden drugs

or substances.

2527. Conditionally permitted therapeutic medication: any drug, medication, or substance which could affect the performance of a horse that is used for the legitimate treatment of illness or injury and is not specified as a forbidden substance as defined in **Rule(s) 2526 A or E**.

HOWEVER, THESE DRUGS OR SUBSTANCES ARE FORBIDDEN AND USE THEREOF SUBJECTS THE PERSON TO DISCIPLINARY ACTION, UNLESS ALL CONDITIONS OF THEIR ADMINISTRATION ARE MET.

Each of the following requirements is a condition to authorize administration of conditionally permitted therapeutic medication, which shall be verified in a written medication report, available from PHBA or show management, completed in its entirety, and filed with show management before exhibition of the horse (see **Rule 2527 C through J**):

A. Any stimulant, depressant, tranquilizer, or sedative which could affect the performance of a horse (stimulants and depressants are defined as substances which in the state where the event is being held or from a written prescription (written instructions) by a licensed veterinarian, who is a member in good standing of the AAEP, which documents administration of medication is necessary for the treatment of illness or injury. The administration of a conditionally permitted therapeutic medication for the purpose of transport, grooming, training, etc. is not therapeutic under this authorization rule.

B. The horse must be withdrawn and kept out of competition for not less than twenty-four (24) hours after the medication is administered, with the exception of Furosemide (Lasix), see **Rule 2527**.

C. Identification of the medication: the name, amount, strength, and mode of administration.

D. Date and time of administration.

E. Identification of the horse: age, sex, color, and entry number.

H. The medication report must be filed with show management within one hour after administration of the medication or one hour after show management is available, if administration occurs at a time other than during competition hours.

I. The medication report must be signed by show management and time of receipt recorded on the report.

J. While this report must be filed only if the administered medication will be present in amounts detectable in blood and/or urine samples at the time of competition/sampling, exhibitors are hereby cautioned it is their responsibility to determine whether or not such medication has had time to clear the horse's system.

IF THERE IS ANY DOUBT, A MEDICATION REPORT SHOULD BE FILED.

K. Regardless of whether the medication report requirements described above are met, laboratory detection of concentration levels of an otherwise conditionally permitted therapeutic dosage of such a drug (including, but not limited to, inconsistencies regarding reported dosage and time constraints) shall constitute presumption of a violation of this rule, and the responsible party has the burden of persuasion to establish that the drug was administered in a therapeutic dosage and not less than 24 hours prior to competition.

L. Regardless of whether all of the conditionally permitted therapeutic medication requirements listed in **Rule 2527** are met, it shall be considered a rule violation if the same plasma or urine sample contains more than one (1) of the permitted NSAID's listed in **Rule 2528 C 1-8** below.

2528. Restriction concerning the use of conditionally permitted medications that may be administered within twenty-four (24) hours of showing:

A. Subject to the specified restrictions, only those thirteen (13) drugs or medications listed in **Rule 2528 C 1-13** below may be administered within 24 hours of showing. The provisions in **Rule 2528 C 1-13** below contain rules concerning maximum allowable plasma concentration levels followed by "Guidelines". The Guidelines are applicable to most horses. Nevertheless, reliance upon the Guidelines does not guarantee compliance with the rules, since the response of individual horses may vary. Exhibitors, owners, and trainers should consult the drug manufacturer and knowledgeable veterinarians for up to date information and more specific advice concerning the therapeutic use of

a drug or medication for a particular horse.

THE GUIDELINES, IF HEEDED, WILL MINIMIZE THE CHANCES OF POSITIVE DRUG TESTS. HOWEVER ALL RESPONSIBLE PARTIES ARE CAUTIONED THAT THE GUIDELINES ARE ONLY GENERAL GUIDELINES, AND IT IS THEIR RESPONSIBILITY TO SEE TO IT THAT CONDITIONS PREVAIL FOR FULL COMPLIANCE WITH ALL PHBA RULES. RELIANCE UPON THE GUIDELINES WILL NOT SERVE AS A DEFENSE TO A CHARGE OF VIOLATION OF THE RULE IN THE EVENT OF A POSITIVE DRUG TEST.

Should the testing laboratory report the presence of one of the drugs or medications listed in **Rule 2528 C 1-13** below in an amount greater than what would be consistent with the Guidelines or at a higher level than a specified maximum permitted plasma concentration, the matter will be reviewed and disciplinary action may be taken.

B. Regardless of whether all of the conditionally permitted therapeutic medication requirements for a specific NSAID listed in **Rule 2528 C 1-8** below are met, it shall be considered a rule violation if the same plasma or urine sample contains more than one (1) of the NSAID's listed in **Rule 2528 C 1-8** below.

9) Acetazolamide - may only be administered to horses documented through DNA testing to be positive (N/H or H/H) for HYPP (Hyperkalemic Periodic Paralysis). While these rules do not contain a maximum allowable plasma concentration level for Acetazolamide, laboratory detection of levels of Acetazolamide that are not consistent with administration in accordance with the following Guidelines may result in prosecution of a rule violation.

Guidelines: When acetazolamide is administered, the dose should be accurately calculated according to the actual weight of the animal. Each twenty-four (24) hours, not more than 3 milligrams per pound of body weight should be administered. For a 1000 pound animal, the maximum daily dose is 3 grams.

A Medication Report must be filled with show management as required.

13) Dexamethasone - The maximum permitted plasma concentration is 3.0 nanograms per milliliter at the time of competition.

Guidelines: In order to help trainers, owners and their veterinarians achieve compliance with this rule in connection with the therapeutic use of dexamethasone, it should be administered in accordance with the guidelines below. These guidelines include several alternative scenarios for dose time and route of administration. Whenever dexamethasone is administered, the dose should be accurately calculated according to the actual weight of the animal. Alternative Number 1. (2.0 mg or less per 100 pounds IV or IM at 12 or more hours before competition.) each 24 hours, not more than 2.0 milligrams of dexamethasone injectable solution per 100 pounds of body weight should be administered intravenously or intramuscularly, preferably less. For a 1,000 pound animal, the maximum daily intravenous or intramuscular dose of dexamethasone injectable solution is 20.0 milligrams, which equals 5.0 milliliters of the injectable solution (4.0 milligrams per milliliter). No part of this dose should be administered during the 12 hours prior to competing. Dexamethasone should not be administered for more than five successive days. Alternative Number 2. (0.5 mg or less per 100 pounds IV at 6 or more hours before competition.) Each 24 hours, not more than 0.5 milligram of dexamethasone injectable solution per 100 pounds of body weight should be administered intravenously, preferably less. For a 1,000 pound animal, the maximum daily intravenous dose of dexamethasone injectable solution is 5.0 milligrams, which equals 1.25 milliliters of the injectable solution (4.0 milligrams per milliliter). No part of this dose should be administered during the six hours prior to competing. Dexamethasone should not be administered for more than five successive days. Alternative Number 3. (1.0 mg or less per 100 pounds orally at 6 or more hours before competition.) each 24 hours, not more than 1.0 milligram of dexamethasone powder per 100 pounds of body weight should be administered orally, preferably less. For a 1,000 pound animal, the maximum daily oral dose if dexamethasone powder is 10.0 milligrams, which equals one packet of dexamethasone powder (10.0 milligrams per packet). No part of this dose should be administered during the 6 hours prior to competing. Any medicated feed should be either consumed or removed at least 6 hours prior to competing. Dexamethasone should not be administered for more than 5 successive days.

D. Administration of these drugs does not require that the horse be withdrawn and kept out of competition for a period not less than twenty-four (24) hours after the medication is administered, nor is there a requirement that a medication report be filed with show management, except when Lidocaine/Mepivacaine is used (see 12 above.)

2529. In the event a non-steroidal anti-inflammatory drug is administered in a manner that might cause the plasma concentration to exceed the quantitative restrictions of the rule (in the case of those permitted to be used) or might cause the drug to be detected at any level in plasma or urine (in the case of those not permitted to be used), the trainer and owner should withdraw the horse from competition, and the animal should be withheld from competition until the plasma concentration of any permitted drug returns to acceptable levels and/or until any non-steroidal anti-inflammatory drug not permitted by the rules is no longer present in the blood or urine.

2530. Burden of persuasion to establish correct dosage and time limitation rests with the responsible person.

A. Additionally, as to drugs or substances described in **Rule(s) 2526 B and Rule(s) 2526 C** above, in order to avoid disqualification by detection of a presence in the horse's system, the medication must be administered, or prescribed (letter of instructions) by a veterinarian, for the legitimate treatment of illness or injury, and administered at least 24 hours before exhibition. Should the testing laboratory report the presence of these drugs in an amount greater

than what would be consistent with the specified dosage and/or time constraint or dosage for legitimate treatment of illness or injury, the laboratory test result will be reviewed and disciplinary action may be taken.

B. Laboratory detection of an excessive dosage of an otherwise conditionally permitted therapeutic drug or drugs specified in **Rule(s) 2526 B and C** above shall constitute presumption of a violation of this rule, and the responsible party has the burden of persuasion to establish that the dosage was administered within rule specifications.

C. To avoid this rule violation presumption and the stringent responsibilities of this rule, the responsible party may decide to simply withdraw the horse from competition for at least twenty-four (24) hours following the last administration of any conditionally permitted therapeutic medication.

2531. By administering these drugs, the owner of the horse will be financially responsible for the additional fees for the test.

ARTIFICIAL APPLIANCE

2881. Notwithstanding the general prohibition of **Rule(s) 2502** against artificial appliances, the use of the following, but not limited to, pacemaker or prosthetic eye may be permitted if the owner of record files written request for permission and submits such documentation as requested, which will be submitted to the Executive Board for consideration. If the request is approved, such authorization will be noted on the horse's registration certificate.

ANIMAL WELFARE & HUMANE TREATMENT

2991. The PHBA strongly advocates the humane treatment of all horses. PHBA recognizes that when the welfare of the horse has the highest priority, secondary benefits including fair competition and true recognition of athletic abilities of the horse are enhanced. Through the establishment and enforcement of strong rules governing the exhibition of Palomino Horses, PHBA has taken a firm stand to ensure that the horse registered with the Association will be treated with the dignity and respect they deserve.

2992. No person on the show grounds, which includes but is not limited to the barns, stalls, practice areas, and show arena, may treat a horse in an inhumane manner.

A. Humane treatment. No person shall exhibit any horse, which appears to be sullen, dull, lethargic, emaciated, drawn or overly tired.

B. No person on the show grounds can treat an exhibiting horse in an inhumane manner.

C. Tying a horse up or around in a stall or when lounging or riding in a manner as to cause undue discomfort or distress.

D. Intentional inhumane treatment which results in any bleeding

E. In addition, leaving a bit in a horse's mouth for extended periods of time.

F. Use of inhumane training techniques or methods; poling or striking horses legs with objects, excessive spurring and/or excessive jerking of reins.

2993. Inhumane treatment of any horse (whether registered with PHBA or not) or any other animal on the grounds is strictly prohibited. Treatment of any horse will be considered inhumane if a person, educated or experienced in accepted equine training techniques, would perceive the conduct of an individual to be inhumane. Inhumane treatment includes but is not limited to:

A. Placing an object in a horse's mouth so as to cause undue discomfort or distress;

B. Tying a horse in a manner as to cause undue discomfort or distress in stall, trailer, or when lounging or riding;

C. Letting blood from a horse;

D. Use of inhumane training techniques or methods;

E. Use of inhumane equipment, including but not limited to, saw tooth bits, hock hobbles, tack collars, or tack hackamores;

F. Any item or appliance that restricts movement or circulation of the tail;

G. Intentional inhumane treatment which results in bleeding;

2994. Upon a report or discovery of inhumane treatment, show management shall immediately investigate the incident and immediately report it to PHBA.

2995. The standard by which conduct or treatment will be measured is that which a reasonable person, informed and experienced in generally accepted equine training and exhibition procedures, would determine to be cruel, abusive, and inhumane.

HORSE SHOW RULES

HORSE SHOW APPROVALS

3001. Any APA organization or individual wishing to stage or sponsor Palomino horse shows or contests must obtain the approval of PHBA if the results of such shows are to be entered into PHBA's records and points are to be awarded to the horses as outlined in the Show Rules.

A. Show approval is a privilege, not a right, granted or rejected at PHBA discretion on an annual basis according to continuous evaluation of the applicant(s), including, but not limited to, competence of show management; enforcement of PHBA rules; quality of horse show; and service to PHBA members.

B. For horse show approval, any APA, organization, or individual shall send a current properly completed show application to PHBA with appropriate fees postmarked at least one-hundred-twenty (120) days prior to the date of entry dates of the horse show. If two applications are received for the same numbered weekend, the horse show application with the earlier postmark will be eligible for approval of that date.

3002. A specific numbered weekend in the year, shall be given to the APA, organization, or individual which held a horse show on that date during the previous year. To retain that date, the application for approval must be submitted as outlined in **Rule 3001 B**. Approval does not carry over from year to year, but must be obtained for each individual show or contest.

A. Horse Show weekends are based upon the number of the weekend, not upon the date. The number of the weekend is determined by counting from the first Sunday of the year. The first Sunday of the year is assigned the number one (1). The remaining weekends are consecutively numbered 2-52.

B. The Executive Board has the authority to approve an exception to the numbered weekends, as defined in **Rule 3002 A** above, upon written request from an APA, organization or individual.

3003. The application must be accompanied with a complete list of all classes to be offered at the show.

3004. In order for the horse show to be approved, the name of the judge(s) must appear in at least one issue of *Palomino Horses Magazine* and/or on the PHBA website prior to scheduled show date(s).

A. The show management would be responsible for submitting this information to PHBA in compliance with publication deadlines.

3005. The sponsor(s) of any PHBA approved horse show which fails to pay for any services rendered by a third party (i.e. judges fees, cattle fees, facilities, etc.) in connection with the holding of an approved show or premium money to exhibitors, can be denied PHBA approval for present and future shows.

3006. Late Horse Show Approvals. Horse show approval applications postmarked less than one hundred and twenty (120) days, but more than sixty (60) days prior to the date of the horse show shall require an additional \$100.00 per judge late penalty fee.

3007. No refunds will be made on Show Applications.

3008. Mileage Between Shows. There shall be no more than one (1) horse show on a given day within three hundred and fifty (350) mile radius of another horse show within the same state or province.

A. EXCEPTION: APA's may host (2) horse shows on only one (1) day if there is not another horse show held within five (5) days before or five (5) days after [i.e. two (2) judges at a horse show on Saturday and no horse show held on Sunday.].

B. Multiple-Judged shows (as outlined in **Rule(s) 3031-3037**), and/or a horse show circuit may not be held in adjoining states on the same day, unless the shows are at least three hundred and fifty miles apart. PHBA shall approve the scheduling of all circuits and multiple-judged shows so that conflicting dates will be avoided.

C. Stock shows or fairs approved by PHBA, shall be allowed regardless of proximity to another PHBA horse show. All major livestock shows and state fairs may request the use of two judges to count as two separate horse shows.

3009. PHBA horse shows will not be approved for those dates during the PHBA National Convention, or the PHBA World Championship Horse Show.

A. EXCEPTION: Any exception to this rule must be approved by the PHBA Executive Board.

3010. Classes added to a show, which were not listed on the original Show Application, shall not receive points without written approval from PHBA.

3011. If the Show Application is satisfactory, PHBA will issue a statement of of-

ficial approval for the proposed show. The approved date will then be reserved and the show shall be published in *Palomino Horses Magazine* and/or the PHBA website.

3012. If the Show Application is unsatisfactory, PHBA will so inform the individual or organization making the application and explain any deficiencies to be corrected.

3013. The APA Secretaries shall be notified of all show approvals in their respective states in *Palomino Horses Magazine* and/or the PHBA website.

3014. Shows will not be permitted to start earlier than the advertised schedule.

3015. Any show holding events back to back on the same day with different judge such as cattle events, must clearly display this information in writing on the show premium list.

3016. Any show may split classes over consecutive days provided the judges do not judge the same classes more than once.

3017. As an express condition of the privilege to participate at a PHBA approved show or event, each owner of a Palomino Horse, exhibitor, trainer, participants, assume the risk of participation, and release and discharge PHBA, its officers, directors, representative and employees from any and all liability, whenever or however arising, as to personal injury or property damage occurring as a result of participation in an event conducted by the show or on the show grounds thereof.

3018. Each member, horse owner, or others involved in participation in PHBA approved events is charged with the ultimate responsibility to determine eligibility of persons exhibiting his or her horse(s) by contacting PHBA regarding the current list of suspended or disciplined person(s) before authorizing such participation. Every person competing in a PHBA approved class must possess either a current, individual PHBA, PHBA Youth or PHBA Amateur membership card. Show management must inspect this membership card or a photocopy of it at any show the exhibitor and/or owner has entered. 3315. Bosal. Bosal means the use of a flexible, braided rawhide, leather or rope bosal, the core of which must be flexible. A hackamore (bosal) must use a complete mecate rein, which must include a tie-rein. It shall be no larger than three

fourth (3/4") inch (20 mm) in diameter at the cheek; there must be a minimum of approximately three-fourth (3/4") inch (20 mm) between the bosal and the nose. The inside circumference of the ring must be free of rein, curb or headstall attachments, which would provide leverage. The mouthpiece must be round, oval or egg-shaped, smooth and unwrapped metal. It may be inlaid, but smooth or latex-wrapped. The bars must be a minimum of five-sixteenth (5/16") inch (18 mm) in diameter starting one (1") inch (25 mm) from cheek with a gradual decrease to the center of the snaffle. The mouthpiece may be two or three pieces. A three-piece, connecting ring of one and one-fourth (1 1/4") inches (32 mm) or less in diameter or a connecting flat bar of three-eighths (3/8") to three-fourth (3/4") inches (10-20 mm), measured top to bottom, with a maximum length of two (2") inches (50 mm), which lies flat in the horse's mouth is acceptable. Optional leather or nylon curb strap attached below the reins is acceptable. Closed reins (example mecate) may not be used with a snaffle bit, except in versatility ranch horse, working cow horse and reining, where a mecate is permitted.

3317. Bits. A bit in western performance classes means the use of a curb bit that has a solid or broken mouthpiece, has shanks and acts with leverage. All curb bits must be free of mechanical device and should be considered a standard Western bit. A description of a legal, standard Western bit includes:

A. Shank. Eight and one half (8-1/2") inch (215 mm) maximum length, overall. Shanks may be fixed or loose;

B. Mouthpieces. Bars must be round, oval, egg-shaped, smooth and unwrapped metal of five-sixteenth (5/16") to three-fourth (3/4") inch (8-10 mm) in diameter, measured one (1") inch (25 mm) from the cheek. However, wire on the sway bars (above the bars and attaching to the spade) of a traditional spade bit is acceptable. They may be inlaid, but must be smooth or latex wrapped. Nothing may protrude below the mouthpiece (bar), such as extensions or upward prongs on solid mouthpieces. A three piece, connecting ring of one and one-fourth (1 1/4") inches (32 mm) or less in diameter, or a connecting flat bar of three-eighths (3/8") inches to three-fourth (3/4") inches (8-10 mm), measured top to bottom with a maximum length of two (2") inches (50 mm), which lies flat in the horse's mouth is acceptable;

C. Port. Must be no higher than three and one-half (3 1/2") inches (40 mm) maximum, with rollers and covers acceptable. Broken mouthpieces, half-breeds and spades are standard;

D. Curb Straps. Curb chains are permissible, but must meet the approval of the judge, must be at least one-half (1/2") inch (15 mm) in width, and must lie flat against the jaw of the horse. When a curb bit is used, a curb strap or curb chain is required. Curb chains cannot be tied to the bit with string or cord. A broken strap or chain is not necessarily cause for disqualification.

3318. Prohibited bits. Slip or gag bits, and donut or flat polo mouthpieces are not acceptable. Slip or gag bits are permitted in speed events.

3319. Reins. In regards to horses shown in western pleasure, western horsemanship, ranch riding reining, working cowhorse, western riding, trail, and ranch horse, the reins must be carried as follows:

A. Junior Horses. Horses five (5) years old and under that are shown with a bosal or snaffle bit, may be ridden with one or two hands on the reins. The tails of the reins must be crossed on the opposite side of the neck when riding with two hands on split reins except in working cow horse and reining. The rider's hands should be carried near the pommel and not further than four (4") inches out on either side of the saddle horn. The rider's hand must be steady with very limited movement. A tight rein is at no time acceptable. When riding with one hand refer to **B.** Closed reins (example mecate) may not be used with a snaffle bit. EXCEPTION: Versatility Ranch Horse, Working Cow Horse and Reining where a mecate is permitted.

B. Senior Horses. Horse six (6) years of age and older must be ridden with one (1) hand on split reins. The hand is to be around the reins and cannot be changed during the performance except in those events which specifically state otherwise. The tails of the reins are to fall on the same side of the horse as the hand being used. I.e. Reins held in left hand are to fall on the left side of the horse. The index finger or first finger only is permitted between reins and a violation of this rule is an automatic disqualification.

C. Roping and Speed Events. Horse maybe shown one handed or two handed

with open or closed reins. Tie downs are acceptable. Use of hackamore (including mechanical hackamore) or other type of bridle is the option of the contestant. The judge(s) shall have the authority to require the removal or alteration of any piece of equipment or accouterment which, in his/her opinion, is unsafe, would tend to give a horse an unfair advantage or which s/he believes to be inhumane.

B. When using romal reins, the rider's hands shall be around the reins with the wrists kept straight and relaxed, the thumb on top and the fingers closed lightly around the reins. When using a romal, no fingers between the reins are allowed. The free hand may not be used to adjust the rider's length of rein in any reining class. During reining the use of the free hand while holding the romal to alter the tension or length of the reins from the bridle to the reining hand is considered to be the use of two hands and a score of 0 will be applied, with the exception of any place a horse is allowed to be completely stopped during a pattern. In all other classes, including the reined portion of working cow horse, the free hand may be used to adjust the rider's length of rein.

C. The romal shall not be used forward of the cinch or to signal or cue the horse in any way. Any infraction of this rule shall be severely penalized by the judge.

C. In all western classes, excess rein(s) may be straightened or disentagled anytime during the class, provided the rider's free hand used to straighten or disentagle remains behind the rein hand. Any attempt to alter tension or length of the reins from bridle to rein hand is to be considered use of two hands and a penalty score of zero or disqualification will be applied.

3323. Saddles. In the ST Division western classes, except team penning, ranch sorting, roping and speed events, horses will be shown in a western saddle. A western saddle is a common type of saddle distinguished by a large noticeable fork on which there is some form of horn, a high cantle and large skirts. HALTER CLASSES

3350. Emphasis on Color. Since one of the major purposes of PHBA is to standardize the color of Palominos, it is understandable that emphasis in the halter or breeding classes should be given for color.

3351. Conformation. A halter class is judged based on the horse's conformation. The purpose of the class is to preserve ideal type Palomino horse by selecting well-mannered individuals in the order of their resemblance to the breed ideal and that are the most positive combination of balance, structural correctness, and movement with appropriate breed and sex characteristics and adequate muscling.

A. The Ideal Palomino Horse Conformation. The ideal Palomino Horse shown at halter is a horse that possesses the following: eye appeal that is the result of harmonious blending of an attractive head, refined throat latch, well-proportioned, trim neck, long sloping shoulder, deep heart girth, short back; strong loin and coupling, long hip and croup, and well-defined and muscular stifle, gaskin, forearm and chest. These characteristics should be coupled with straight and structurally correct legs, feet that are free of blemishes. The horse should be a balanced athlete that is muscled uniformly throughout

1) All horses whose registration certificates are marked with a Parrot Mouth notation (**see Rule 574**), cryptorchid notations (**see Rule 575**) are ineligible to compete in halter classes.

2) All lame horses should be excused from the ring prior to all final placing by the judge.

3352. Judging Percentages. In all halter or breeding classes, the following percentages shall be used:

A. Ten (10%) percent color;

B. Eighty (80%) percent conformation;

C. Ten (10%) percent manners and way of going.

3353. Procedure for judging. Horses will walk to the judge one at a time. As the horse approaches, the judge(s) will step to the right (left of the horse) to enable the horse to trot straight. At the cone, the horse will continue trotting, turn to the left and trot toward the arena fence or wall on a perpendicular line. After trotting, horses will be lined up head to tail for individual inspection by the judge(s). The judge(s) shall inspect each horse from both sides, front and rear.

A. A well-mannered horse is a horse that is under control by the exhibitor while tracking and standing for inspection and is reasonably still and flat-footed while standing for inspection.

B. For purposes of this rule, the term "disruptive behavior" includes, but is not limited to rearing, striking, biting, or backing or falling into others.

C. Judges should disqualify and excuse from the ring prior to final placing a horse that:

1) exhibits disruptive behavior such that it or other horses are unable to be inspected by the judge;

2) exhibits disruptive behavior such that the safety of it, the handler, an exhibitor, a judge or another horse is endangered;

3) is not under the control of the exhibitor;

4) becomes detached from the exhibitor;

5) has fallen and is on its side with all four feet extended in the same direction;

6) is observed with blood on its body, including, but not limited to, the nose, chin, mouth, tongue, or gums, regardless of cause; or

7) is lame.

D. Rather than disqualify, a judge may choose to fault a horse that is exhibiting disruptive behavior so long as such disruptive behavior does not qualify as being any of the behaviors described in 1 - 7 immediately above.

E. If a horse exhibits disruptive behavior described in 1 - 7 immediately above and causes other exhibitor(s) to lose their horse(s), only the initiating horse will be disqualified and excused. The decision of the judge(s) will be final.

F. All stallions two years old and over shall have two visible testicles. All mares and stallions shall be examined for parrot mouth. All lame horses, cryptorchids and parrot mouth horses should be disqualified by the judge on each individual placing card;

G. The exhibitors may line the horses in a head to tail order according to each judge placing.

H. In no individual halter classes may horses from two sex divisions be exhibited in the same class.

- E. A horse may not show in the age division halter class and the performance halter class at the same show in a particular division.
- F. To be eligible to compete in the performance halter class the horse must be shown in at least one performance class at the show they are entering in performance halter.

STOCK TYPE PERFORMANCE CLASS RULES

LONGE LINE

3385. The Longe line class will be approved for

A. Yearlings. This class will be approved on or after June 1 through December 31;

B. Two Year Olds. This class will be approved January 1 through May 31.

3386. An exhibitor may show only one horse in the longe line class.

3387. **Purpose.** The purpose of showing a yearling on a longe line is to demonstrate that the horse has the movement, manners/expressions/attitude, and conformation to become competitive under saddle. Therefore, the purpose of this class

is to reward;

A. Quality of movement;

B. Manners/Expression/Attitude;

C. Conformation suitable to future performance;

D. The horse should be judged with its suitability as a future performer under saddle in mind. This class should define what it means to be a “western pleasure prospect” or “hunter under saddle prospect.” Because these are yearlings, they are not expected to demonstrate the behavior or quality of a finished show horse, but only that performance necessary for a reasonable presentation to the judge.

3388. Class Format. The class will consist of two parts:

A. A conformation inspection and;

B. A longeing demonstration lasting one and one-half minutes (90 seconds).

3389. Show Management is required to provide a five (5) minute warm-up period which may be suspended upon the consensus of all exhibitors in the class. This warm up period is closed to PHBA class contestants only and is prior to the start of the class.

3390. It is suggested that all yearling longe line classes be held in a one go format only.

3391. The use of a scribe for each judge is strongly recommended;

3392. The longeing demonstration will begin at the sound of a whistle or other audible indicator when the horse has reached the perimeter of his circle. Time will not begin until the horse reaches this perimeter. When the “begin” signal is given, the exhibitor will be allowed 1 and ½ minutes (90 seconds) to present the horse at all three gaits in both directions. At the end of 1 ½ minutes, the signal will be given to signify the end of the demonstration. Show management has the option of adding a “half-way” signal if they choose;

3393. The conformation inspection will occur prior to the longeing demonstration. Each entry will be walked into the arena to the judge and pause for evaluation individually. They will then trot off straight and around a cone and take a place on the wall inside the arena. All entries will be inspected in this fashion and as the “trot-off” is administered, horses showing evidence of lameness should be excused from the class at that time;

3394. It is recommended that longe line classes be shown in splits of no more than 15 horses at a time. Larger classes may also offer a finalists’ go-round before the class is placed;

3395. It is recommended that classes for the Amateur and the Open divisions be held separately. It is also recommended the Amateur division be held PRIOR to the Open class. Western and English horses may be combined in each division at the discretion of Show Management. If possible, it is recommended that the Amateur and the Open events be offered on separate days.

3396. Equipment. Horses are to be shown in a halter. Either a regular or a show type halter is acceptable.

A. For the longeing demonstration, the only attachment allowed to the halter is a longe line. The longe line may not exceed 30 feet with a snap attached to the halter. The longe line must hang free from the halter without touching any part of the horse. It is permissible to use a longe whip however, disqualification will occur if the exhibitor blatantly strikes the horse with the whip to cause forward or lateral movement at any time during the longeing demonstration;

B. No other equipment is allowed on the horse during the longeing demonstration portion of the class. Mechanical or retractable longe lines are not allowed;

C. For the conformation inspection, a lead shank, such as used in halter or showmanship classes may be exchanged for the longe line prior to the longeing demonstration. No lip chains will be allowed.

D. Exhibitors are not to be penalized for using regular halters and plain longe lines, nor are they to be rewarded for using show halters and show longe lines. Only movement, manners/expression/way of going, and conformation are being judged. The type of equipment used is not to be a consideration in placing the horse as long as the equipment meets the requirements stated above.

3397. Attire. Conventional Western attire is mandatory; except if a prospect is considered to be a Hunter prospect then conventional English attire is suggested. The type of attire worn by the exhibitor is not to be a consideration in placing the horse as long as the attire meets the requirements stated above.

3398. Gaits. Gaits are to be judged according to the PHBA rules for Gaits for Western Pleasure and Hunter Under Saddle classes.

3399. Conformation & Equipment Inspection. Each horse is to be inspected by the judge on conformation, proper equipment and for evidence of abuse, inhumane treatment, or violation of PHBA rules. Horses will not be allowed to show in

illegal equipment or if there is evidence of abuse, of inhumane treatment, or of rule violations. It is mandatory that a horse must be tracked at a walk and jog/trot in the conformation portion of the class prior to longeing. Horses that show evidence of lameness will be excused prior to the longeing demonstration.

3400. Judging Procedures. Judge(s) will be outside the longeing circle. The exhibitor will enter the longeing area and await the audible start signal. When the signal is given, the exhibitor will be allowed 1 ½ minutes (90 seconds) to present the horse. At the end of 1 ½ minutes a signal will be given again to signify the end of the demonstration. Show management has the option of adding a “half-way” signal if they choose. (The signal may be a bell, whistle or announcement.)

A. Once the class has started, a horse warming up prior to their go may only warm up at the walk.

3401. The horse will be scored at all three gaits in both directions. Western Pleasure prospects are to show at the walk, jog, and lope. Hunter Under Saddle prospects are to show at the walk, trot, and canter. Any horse that does not exhibit these gaits in each direction will be disqualified from the class. Additionally, the judge shall immediately excuse any horse who exhibits obvious lameness at any time during the class. (**See Scoring.**) Exhibitors may begin work in the direction of their choice (counter or clockwise).

3402. At the end of 1 ½ minutes, a signal will be given and the exhibitor shall, at the request of show management, retire from the longing area to the far side of the ring. The horses are to stand quietly on the wall while the other exhibitors present their horses.

3403. The horses are to be judged on Movement (34 points), Manners/Expression/Attitude (14 points), Conformation (6 points) suitable to their purpose and use of circle (6 points). Judges should evaluate the movement of the horse as defined in the PHBA rules for gaits.

3404. If the horse is playing on the longe line, it shall not count against the horse. The judge will, however, penalize the horse for excessive bucking, or running off, stumbling, or displaying attitudes that are uncomplimentary to pleasure horses. Falling down will constitute disqualification.

3405. Exhibitors are encouraged to exhibit their horse making full use of a 25' radius circle, as they will be scored on this.

3406. An exhibitor may only show one horse in each longe line class. The same exhibitor must show both segments of the class.

3407. The conformation inspection will occur as the horse is walked into the arena prior to the longeing demonstration at which time the judge will evaluate the horse for conformation suitable for future under saddle performance. The judges may not discriminate for or against muscling, but rather look for a total picture, emphasizing balance, structural correctness, and athletic capability.

3408. Scoring. The official PHBA Longe Line Scoring sheet must be used in each approved class by each judge. Use of a scribe for each judge is strongly recommended. The score sheet or a copy will be posted at the end of the class. These sheets will be returned with the PHBA show results. The horses with the highest scores are the winners, with the maximum possible total score of 60 and 30 being average. The judge(s) have the sole discretion to use their own personal preference to break any ties in total points.

3409. The PHBA requires that the score for each individual go be reflected on a component-by-component basis using a scribe and an approved PHBA score sheet. This score sheet represents the judge's report to an exhibitor of how a score was derived, and it is critical that this report to the exhibitor be accurate.

A. The show management is responsible for re-certifying all scores and totals. If errors in tabulation have occurred they should be immediately corrected and new placings announced at the event. Ultimately, the PHBA office will review all score sheets and be responsible for their accuracy in documentation of PHBA points and official paybacks;

B. One key element in accurately describing the scoring of the entire run to the exhibitor is the judge's scribe. It is the show management's responsibility to supply a scribe at each PHBA approved longe line event; however, it is the judge's responsibility to ensure that the scribe is trained prior to the first go of the day. The judge must confirm that the scribe understands the fundamentals of recording both gait scores and penalties. It is recommended that judges verify that the addition of the gait scores and penalties are correct at the completion of each go. As part of the training process for the scribe, the judge should make certain that his/her communications are clear to the scribe. To ensure this clear communication, the judge and scribe should agree upon a method of speaking, so that gait scores and penalty scores are not confused. (Example: A judge will say a number for a gait score and will say “penalty”

and a number for a penalty, thus allowing the scribe to place the appropriate score in the appropriate box on the score sheet.) If for any reason a judge does not feel a scribe is competent, he/she may ask show management to replace the scribe immediately. Judges must sign every completed score sheet.

3410. Movement will count for 34 points of the total score. Judges are to evaluate movement based on the gait descriptions.

A. Walk. The walk will be scored on a scale of 1-3 in each direction, with 2 being average. The horse must be walked long enough for the judge to have sufficient time to evaluate and score the walk. Lower gait scores should reflect stumbling in the gait;

B. Jog or Trot. The jog/trot will be scored on a scale of 1-7 in each direction. Using a 25' radius, the horse should jog or trot a minimum of 1/2 circle both directions of the ring. Lower gait scores should reflect stumbling in the gait;

C. Lope or Canter. The lope/canter will be scored on a scale of 1-7 in each direction. Using a 25' radius, the horse should lope or canter a minimum of one full circle both directions of the ring. Lower gait scores should reflect stumbling in the gait;

D. Use of Circle. Scores for all gaits in both directions should reflect positive, consistent use of the 25' radius of the circle. Extra credit will be given for full, extended use of the circle on a slightly loose line. Lower gait scores should reflect lack of full use of the circle.

3411. Manners/Expression/Attitude will count for up to 14 points of the total score. Horses will be penalized for obvious signs of overwork and sourness such as ear-pinning, head-throwing, striking, tail-wringing, or a dull, lethargic manner of going. They will also be penalized for dangerous behavior such as excessive bucking, cutting into the circle, or running off. Additionally, incidental touching the horse with the whip, cross-cantering, balking, backing up on the longe line and excessive urging from the exhibitor should be penalized accordingly.

3412. Conformation will count for up to 6 points of the total score. The horse will be judged on conformation suitable to future performance as a Western Pleasure or Hunter Under Saddle competitor. The judges should look for a total picture, emphasizing balance, structural correctness, and athletic capability. Performance conformation will be judged on a scale of 1-6.

3413. Use of the circle. Consideration will be given to how well or how poorly the horse/exhibitor team uses the 25' radius of the longeing circle. A separate box on the scorecard is available to indicate an overall score (from 1-3 points) for use of the circle.

3414. Circle Scores. As described earlier, the PHBA has determined that a 25' radius is the appropriate size of circle in which to show a longe liner. It is the judge's responsibility to evaluate the circles and incorporate use of the circle in the gait scores based on the following scale:

A. +3 points (Good to Excellent Use of the Circle)

1) Horse consistently stays on the perimeter of the circle with slight looseness in the line. Horse turns around on the circle perimeter;

B. +2 points (Average use of the circle)

1) Horse is only slightly inconsistent in using the 25' radius of the circle;

C. +1 point (Adequate use of the circle)

1) Horse is shown in a circle radius of less than 25';

D. 0 points (General use of the circle)

1) Potentially dangerous slack in the line;

2) Horse pulls exhibitor out of the circle.

3415. Other scoring considerations: This class should be looked upon as a class that defines what it means to be a "pleasure prospect" or "hunter prospect" suitable to become a future performer under saddle. Therefore, attitudes and attributes that contribute to becoming a future performer will be rewarded within the gait scores. Higher gait scores will reflect:

A. Above average to exceptional manners, expression, alertness, responsiveness, and pleasant attitude;

B. Above average to exceptionally smooth transitions between gaits;

C. Above average to excellent cadence and consistency at all three gaits.

3416. Penalties and disqualifications:

A. Five (5)-point penalties will occur per direction:

1) Failure to walk less than two horse lengths.

2) Failure to jog/trot a minimum of 1/4 (quarter) of a circle.

3) Failure to demonstrate the correct lead for a minimum of 1/4 (quarter) of a circle.

B. Disqualification will occur in the following instances:

1) Evidence of lameness - judge will immediately excuse horse from the

arena;

2) Blatant striking horse with the whip during the longeing demonstration that will cause forward or lateral movement;

3) Fall to the ground by horse. A horse is deemed to have fallen when its shoulder and/or hip and/or underline touches the ground;

4) Horse steps over or becomes entangled in the longe line;

5) Improper equipment, evidence of abuse, or other violation of PHBA rules;

6) Failure to show at all three gaits in both directions;

7) Exhibitors shows disrespect towards the judge(s);

8) Any time the horse becomes detached from the handler;

9) Failure to complete trot off for soundness in three (3) attempts.

PLEASURE DRIVING GAITS

3417. The following terminology shall apply to Pleasure Driving:

A. Walk: a natural, flat-footed, four-beat gait. Loss of forward rhythmic movement shall be penalized.

B. Park gait: a forward, free-flowing, square trot with impulsion. Loss of forward, rhythmic movement or jogging shall be penalized.

C. Road gait: an extended trot showing a definite lengthening of stride, with a noticeable difference in speed. Short, quick, animated strides and/or excessive speed shall be penalized.

PLEASURE DRIVING

3418. Judging Emphasis. The Purpose of the class is to evaluate the horse's ability and pleasurable attitude while pulling a cart. The horse should have an engaged trot with more impulsion and a long ground covering stride. Style, conformation and safety are paramount in this class. Horse should carry a natural balanced position with a relaxed head and neck. The poll should be level with, or slightly above the level of the withers. Maximum credit should be given to a horse that moves straight, with free movement, manners and a bright expression. The horse shall be severely penalized if the head is carried behind the vertical, is overflexed, excessively nosed out, or the poll is below the withers or exhibits lack of control by the exhibitor.

A. A maximum of eighty (80%) percent for suitability for assuring a pleasurable drive;

B. A maximum of twenty (20%) percent for condition and conformation.

3419. Class Procedure. Horses shall enter the ring the same direction. Each horse shall then be exhibited at the following gaits:

A. The recommended class procedure is walk, park gait, road gait, park gait and walk;

B. Each horse shall demonstrate each of the gaits in both directions of the show ring. At the direction of the ring steward, the change of direction shall be accomplished by the horse crossing the show ring while walking only;

C. Each horse shall also be required to demonstrate its ability to back easily and straight, and stand quietly;

D. Excessive animation and speed will be penalized;

E. Consistently showing too far off the rail shall be penalized according to severity.

3420. Carts. Horses shall compete harnessed to a cart.

A. The exhibitor shall be the only person permitted in such cart while the horse is being exhibited, and no pets shall be allowed in cart during such exhibition;

B. The cart shall be a pleasure type, two (2) wheel, single horse cart with seats for one (1) or two (2) persons. Dash and basket cover is optional;

C. All carts must be basket type equipped with twenty-four (24") inch through forty-eight (48") inch cart wheels;

D. No stirrup type carts or sulkies will be allowed.

3421. No exhibitor shall drive a horse while standing, kneeling or using a seat extension in the cart at any time. An exhibitor may momentarily rise if circumstances warrant. No horse shall be unbridled or unattended while hooked to a cart. Excessive noisemaking by exhibitors shall be penalized according to severity.

3422. Horseshoes. Horses must be shown with natural hooves and standard shoes. No extended hooves, heavy shoes, or toe weights are allowed.

ENGLISH GAITS

3423. The following terminology shall apply in all English classes whenever a specific gait is called:

3424. The Walk

A. Poor Walk - This horse may have an uneven pace that lacks a four beat cadence or have a stop and start or robotic appearance that resembles a march. He may appear nervous and on the muscle or intimidated and fearful of going forward. He may anticipate or try to jog or break or he may appear dull, bored and listless dragging his legs and losing rhythm and flow.

B. Average Walk - The horse will walk with a four beat gait, a balanced top line and a relaxed appearance. He may slow down some but still maintains forward motion. He keeps his body straight and has cadence and rhythm. All of this done correctly and with manners is average.

C. Good Walk - This horse has a four beat, a balanced and comfortable top line, relaxed demeanor and appears bright and attentive. He maintains rhythm, flow and cadence and travels straight with light contact from the reins. He reaches from his shoulder and tracks up from behind with his reaching legs staying close to the ground. His feet enter the ground softly and maintain the same pace coming out of the ground as he has going into it.

3425. The Trot

A. Extremely Poor Trot - This is a horse that cannot seem to do a two beat gait and appears very uncomfortable in his attempt to accomplish it. He does not have any flow or balance in his motion and appears uncomfortable to ride. He may be weak and sloppy in his hocks causing a loss of forward motion or use his hocks loosely or too far back causing a loss of cadence and rhythm. This also could be a horse that is misbehaving and is unwilling to perform the gait properly and therefore is not exhibiting acceptable motion.

B. Very Poor Trot - This is a horse that may have an uneven cadence or be unwilling to go forward. He may not keep an even and balanced motion with a level top line. This horse may appear quick legged or seem to move in an up and down fashion or may be on the muscle looking nervous and tense or he may be on a loose and sloppy rein causing a lack of collection or to travel heavy on the forehead. He may cover the ground by taking more frequent steps instead of correctly increasing the length of the strides.

C. Poor Trot - This is a horse with an average motion, exhibiting negative characteristics in their performance. For example, this horse may have an average trot gait but have a dull, unhappy or resentful expression.

D. Correct or Average Trot - This horse has a two beat diagonal gait in which the left front and right hind foot touch the ground simultaneously and the right front and left hind do so also. This is the standard trot and a horse **MUST** have a true two beat gait to be "average" or any of the levels higher than "average". He has a level top line, with a relaxed appearance and pleasant expression, is shown on light contact and appears to go in a forward, obedient manner.

E. Good Trot - This is a horse with an average motion, exhibiting positive characteristics in their performance. For example this horse may have an average trot gait but have excellent manners and expression with ears forward and appearing bright but relaxed and calm.

F. Very Good Trot - This is a horse that appears very comfortable to ride, always has a consistent rhythmic cadenced two beat gait, is guiding well and has a relaxed and level top line. He has a good forward stride with balance and impulsion. Compared to the excellent horse he may not have as much stride as he may not have the degree of drive off the hindquarters or as much reach with his shoulders. He may bend his knees or flex his pasterns a little but he is still obviously soft, smooth and relaxed. He has an attentive and calm appearance with a pleasant expression and maintains light bit contact.

G. Excellent Trot - This horse's motions seem effortless and efficient. He utilizes his top line by rounding his back and driving evenly off his hind legs creating impulsion and suspension while still remaining soft and controlled. He takes long ground covering steps with deliberate full strides and stays close to the ground. He reaches from his shoulder and is flat with his knee and extends his leg forward and seems to enter the ground toe first, even though it actually lands flat. His drive from his hocks allows his hind leg to step into or in front of where his front foot left the ground using full extension of the stride. This horse is balanced, has a level top line and has an even rhythm and cadence. He has excellent manners and great expression appearing relaxed and happy, soft in the poll, jaw and mouth and is shown on light contact.

3426. The Extended Trot

A. Poor Extended Trot - This horse never appears to lengthen his stride but just trots faster. He may also appear to be jarring and rough to ride.

B. Average Extended Trot - Is a horse who when asked to extend, moves up in

his pace and still appears smooth to post on.

C. Good Extended Trot - Is a horse who when asked to extend has an obvious lengthening in his stride with a slight increase in his pace making him more versatile. This horse is still smooth but appears to have more length with less effort being exerted.

3427. The Canter

A. Extremely Poor Canter - This is a horse that does not have a true three beat gait. He has no cadence, no rhythm, and no balance, appears out of sync and obviously is not comfortable to ride. This may also be a horse that is misbehaving and is unwilling to perform the gait properly and therefore is not exhibiting acceptable motion.

B. Very Poor Canter - This is a horse that may appear to have a three beat gait but lacks self carriage. He may be flat in that he has either not rounded his back, or failed to engage his hindquarters and therefore lacks drive, impulsion and suspension. He may be weak hocked causing him to pull himself forward with his front end or he may not be balancing off his hindquarters causing him to be heavy on his forehand. This horse may lack forward motion, smoothness of gait, or consistency of speed. He may not use his shoulders properly causing excessive knee action. He may be showing on loose reins and be strung out and lacking collection or be nervous and on the muscle causing a shortening or quickening of stride.

C. Poor Canter - This is a horse with an average motion, exhibiting negative characteristics in his performance. For example, this horse may have an average canter but be lacking in expression or lack consistency in his top line.

D. Correct Or Average Canter - This horse has a true three beat gait with a level top line, and a comfortable motion. This is the standard canter and a horse **MUST** have a true three beat gait to be considered "average" or any of the levels higher than "average". He is shown on light contact and is responsive to his rider and has a relaxed appearance with a pleasant expression.

E. Good Canter - This is a horse with an average motion, exhibiting positive characteristics in his performance. For example, this may be a horse with an average canter gait but has great expression, consistency and lovely manners.

F. Very Good Canter - This is a horse that has more style, drive, impulsion and suspension than the average horse. He has a strong but smooth drive from behind. He may bend his knee a little or not have quite the length of stride of the excellent horse, yet he still has a level top line and relaxed appearance, is correct and appears to be comfortable to ride. He has a pleasant expression and is responsive to his rider and shown with light bit contact.

G. Excellent Canter - This is a horse that utilizes his top line by rounding his back, engaging his hindquarters to drive his hind legs deep underneath him creating impulsion and suspension in his motion. He has a strong, deep, forward stride behind and an equally forward, flat-kneed reach with his front legs. He appears effortless and totally in control of his motion with great self carriage. He creates energy yet stays soft and responsive to his rider. His weight is distributed properly onto his hindquarters and he moves with long, slow strides. He gives the appearance that, if asked, he could easily lengthen his stride and correctly perform a hand gallop. This horse has a great degree of suspension, impulsion and elasticity to his movement. He has great expression with ears forward and is consistent, relaxed and confident with light bit contact.

3428. Hand Gallop - should be a definite lengthening of stride with noticeable difference in speed. Horses should be under control at all times and be able to pull-up (not a sliding stop). If asked to pull-up, after the halt, riders must relax the reins and the horse must stand quietly.

HUNTER UNDER SADDLE

3429. Judging Emphasis. The purpose of the hunter under saddle horse is to present or exhibit a horse with a bright, alert expression, whose gaits show potential of being a working hunter. Therefore its gait must be free-flowing, ground covering and athletic. Hunter Under Saddle should be suitable to purpose. They should move in long, low strides, reaching forward with ease and smoothness and be able to lengthen their stride and cover ground with relaxed, free, flowing movement. While exhibiting correct gaits that are of the proper cadence, the quality of the movement and the consistency of the gaits is a major consideration.

A. Horses should be obedient, have bright expressions with alert ears and should respond willingly to the rider, with light leg and hand contact. Horses should be responsive and smooth in transition. When asked to extend the trot

- or hand gallop, the horse should move out with the same flowing motion;
- B.** The poll should be level with, or slightly above, the withers to allow proper impulsion behind. The head position should be slightly in front of, or on, the vertical;
- C.** This class will be judged on the performance, condition and conformation. Maximum credit shall be given to the flowing, balanced, willing horse.
- D.** Horses should back easily and stand quietly.

3430. Faults. Faults to be scored according to severity and can be cause for disqualification:

- A.** Being on wrong lead;
- B.** Excessive speed (any gait);
- C.** Excessive slowness (any gait); loss of forward momentum
- D.** Breaking gait;
- E.** Failure to take the appropriate gait when called for;
- F.** Head carried too low or too high and poll is below the withers;
- G.** Excessive nosing out or flexing behind vertical or bit;
- H.** Opening the mouth excessively;
- I.** Stumbling or falling;
- J.** Horse appearing sullen, dull, lethargic, emaciated, drawn or overly tired;
- K.** Quick, short, or vertical strides.;
- L.** Failure to maintain light contact with horse's mouth;
- M.** Being on wrong diagonal at the trot;
- N.** Consistently showing too far off the rail shall be penalized according to severity.

3431. Class Procedure.

- A.** Horses are to be shown under saddle, not to jump;
- B.** Horses are to be shown at a walk, trot, and canter both ways of the ring. Horses should back easily and stand quietly;
- C.** Horses may change to canter from the flat footed walk or the trot at the judge's discretion;
- D.** Horses to be reversed to the inside away from the rail;
- E.** At the option of the judge, the horses may be shown at an extended trot;
- F.** At the option of the judge, all or just the top twelve (12) horses may be required to hand gallop, one or both ways of the ring. Never more than twelve (12) horses to hand gallop at one time. At the hand gallop, the judge may ask the group to halt and stand quietly on a free (loosened) rein.
- G.** At the judge's discretion, horses may be asked to change to canter from the flat-footed walk or trot. They may also be asked to lengthen their stride at the walk, trot or canter, one or both ways of the ring. An extension is an obvious lengthening of the stride with a slight increase of pace while exerting less effort and appears smooth to ride.

ROAD HACK

3432. Class Procedure. Entries are to be shown both ways of the ring at a walk, trot, extended trot, canter, and hand gallop.

- A.** A maximum of twelve (12) horses will be asked to hand gallop at one (1) time depending upon the size of the arena;
- B. Gaits.**
 - 1)** Judges shall not ask for a canter or hand gallop from the trot or for a trot from a canter or hand gallop;
 - 2)** Horses will be asked to come back to a trot from an extended trot or to a canter from a hand gallop before being asked to walk or stop.
- C. Backing.** Horses are to stand quietly and back readily.

3433. Appointments. Horses and riders may be shown in either appropriate hunt attire and equipment.

HUNTER HACK

3441. Judging Emphasis. This class should be judged on style over fences, even hunting pace, flat work, manners, and way of going. The poll should be level with, or slightly above the withers, to allow proper impulsion behind. The head should not be carried behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance. The purpose of hunter hack is to give horses an opportunity to show their expertise over low fences and on the flat.

- A.** Placing for the class shall be determined by allowing a minimum of seventy (70%) percent for individual fence work and a maximum of thirty (30%) per-

cent for work on the flat;

B. Faults over fences will be scored as in the Working Hunter class. Three disobediences on the fence section of the class eliminates the entry in accordance with **Rule(s) 3486**. Horses eliminated in the fence portion of the class are not eligible to return for rail work;

C. Performance on the flat will be judged as in the Hunter Under Saddle class.

3442. Class Procedure.

A. Horses are first required to jump two fences. Show management had the option to allow a third fence.

B. At the discretion of the judge, contestants may be asked to hand gallop, pull up, or back and/or stand quietly following the last fence;

C. Horses being considered for an award are then to be shown at a walk, trot and canter both ways of the ring with light contact.

3443. Jumps.

A. Jumps are two feet (2') to two feet nine (2'9") inches (85 cm) in height;

B. Jumps do not have to be set on a line;

C. If jumps are set on a line, they must be set thirty-six (36'), forty-eight (48'), or sixty (60') feet (14.5 or 18 meters) apart or in increments of twelve (12') feet (3.5 meters), but no less than thirty-six (36') feet;

D. A ground line is recommended for each jump.

E. PVC poles are prohibited.

3444. Posting Scores. It is recommended that judges give the final scoring to the show management for posting.

3445. Eliminations/Finals. When necessary to split large classes by running more than one go-round, finalists must be both rejumped and reworked on the flat.

3446. Faults (to be scored accordingly, but not necessarily cause disqualification during the rail work) include:

A. Being on wrong lead and/or wrong diagonal at the trot

B. Excessive speed (any gait)

C. Excessive slowness (any gait)

D. Breaking gait

E. Failure to take gait when called

F. Head carried too low or too high

G. Nosing out or flexing behind the vertical

H. Opening mouth excessively

I. Stumbling

JUMPING

3451. Judging Emphasis. Jumpers are scored on a mathematical basis and penalty faults. The jumper's task is to solely jump and his score is based on his performance alone.

3452. Posting Course. Both the original course and shortened course must be posted at least one (1) hour before the scheduled time of the class.

3453. Schooling Area. Whenever possible, a schooling area should be provided with at least one (1) practice jump.

3454. Arena Arrangement. There will be a minimum of four (4) obstacles; horses are to make a minimum of eight (8) jumps.

3455. Mandatory jump:

A. A spread fence consisting of two (2) or more elements will be mandatory.

B. PVC poles are prohibited.

3456. Optional Jumps:

A. Post and rail; at least two (2);

B. Chicken coop;

C. Stone wall;

D. Triple bar;

E. Brush jump.

3457. Starting Line. Both a starting line at least twelve (12') feet (3.6 meters) in front of the first obstacle and a finish line, at least twenty-four (24') feet (7.3 meters) beyond the last obstacle must be indicated by markers, at least twelve (12') feet (3.6 meters) apart, at each end of the lines. Horses must start and finish by passing between markers.

3458. Obstacles, except within combinations, should be located a minimum distance of forty-eight (48') feet (14.6 meters) apart, size of the arena permitting.

3459. Height. The height of obstacles for Jumping All Ages must be a minimum of three feet, six (3'6") inches (122 cm) and a maximum of four(4') feet in first go round

A. EXCEPTION: youth and amateur, which is a minimum of two feet, nine

inches (2'9") (88 cm) a maximum of three feet and three inches (3'3") (99 cm) inches.

3460. It is recommended that the first obstacle should be no more than minimum height.

3461. Jumps-Offs. Jump-offs will be held over the original course altered as outlined herewith.

A. In a jump-off, the sequence of the obstacles may be in any order (i.e. 1, 3, 6, 7, 9) as long as the original direction is maintained, with the exception of vertical obstacles being able to be jumped in the opposite direction from the first round;

B. Only in the case of clean round ties for first place or when points are involved, the height and spread of at least fifty (50%) percent of the obstacles shall be increased not less than three (3") inches (7.6 cm) and not more than six (6") inches (15.2 cm) in height and to a maximum spread of six (6') feet (1.8 meters). In case of ties involving faults, rails shall not be raised;

C. Courses may be shortened after the first round that might include obstacles that might not have been used in the first round. However, the course may not be shortened to less than fifty (50%) percent of the original obstacles and must include at least one (1) vertical and one (1) spread jump;

D. If two or more horses are disqualified in the timed jump-off and are tied for a point, they are not to be rejumped, but should flip a coin to break the tie.

3462. Scoring. Jumpers are scored on a mathematical basis using penalty faults, which include knockdowns, disobediences, and falls.

3463. Knockdown. An obstacle is considered knocked down and four (4) faults assessed, when a horse or rider, by contact:

A. Lowers any part thereof which establishes the height of the obstacle or the height of any element of a spread obstacle even when the falling part is arrested in its fall by any portion of the obstacle; or

B. Moves any part thereof which establishes the height of the obstacle as aforesaid so that it rests on a different support from the one (1) on which it was originally placed;

C. Knockdown of obstacle, standard, wing, automatic timing equipment or other designated markers on start and finish lines;

D. If an obstacle falls after the horse leaves the ring, it shall not be considered a knockdown.

3464. Types of Disobediences:

A. Refusal. When a horse stops in front of an obstacle (whether or not the obstacle is knocked down or altered), it is a refusal unless the horse then immediately jumps the obstacle without backing even one (1) step. If the horse takes even one (1) step backwards, it is a refusal;

1) If the horse is moved toward an obstacle after a refusal without attempting to jump, it is considered another refusal;

2) In the case of a refusal on an in-and-out jump, the horse must return to the start of the in-and-out sequence and rejump the previous elements, and then continue on the designated course.

B. Run-out. A run-out occurs when a horse evades or passes the obstacle to be jumped; jumps an obstacle outside its limiting markers; or when the horse or rider knocks down a flag, standard, wing, or other limiting marker of the obstacle without the obstacle being jumped;

C. Loss of Forward Movement. Failure to maintain a trot, canter, or gallop after crossing the starting line (except when it is a refusal, a run-out, or when due to uncontrollable circumstances such as when an obstacle is being reset);

D. Unnecessary Circling on the Course. Any form of circle or circles, whereby the horse crosses its original track between two (2) consecutive obstacles anywhere on the course, except to retake an obstacle after a refusal or run-out.

3465. Scoring Disobediences.

A. First Disobedience. First disobedience (anywhere on the course), four (4) faults;

B. Second Disobedience. Second cumulative disobedience (anywhere on the course), four (4) additional faults.

3466. Elimination.

A. Third Disobedience. Third cumulative disobedience anywhere on course;

B. Failure to cross the starting line within forty-five (45) seconds after signal to proceed;

C. Fall of horse and/or rider;

D. Jumping an obstacle before it is reset, or without waiting for signal to proceed;

E. Starting before judge's signal to proceed;

- F. Failure to enter ring within one minute of being called;
- G. Jumping an obstacle before crossing starting line unless said obstacle is designated as a practice obstacle, or after crossing the finish line, whether forming part of the course or not;
- H. Off course;
- I. Rider and/or horse leaving the arena before finishing the course (penalized at any time the horse is in the ring).
- J. Excessive use of whip, rope, crop, bat or reins anywhere on the horse.

3467. Jump-off. When a jump-off is required, the winner will be decided on time only if faults are equal.

- A. Time shall be taken from the instant the horse's chest reaches the starting line until it reaches the finish line;
- B. Time shall be taken out while a knocked down jump is being replaced; this is, from the moment the rider gets his/her mount in a position to retake the jump until the proper authority signals that the jump has been replaced;
- C. It shall be the rider's responsibility to be ready to continue the course when the signal is given.

3468. Broken Equipment. In cases of broken equipment, the rider may either continue without penalty or stop and correct the difficulty, in which case s/he will be penalized four (4) faults.

3469. In the case of the loss of a shoe, the rider may either continue without penalty or be eliminated.

3470. Jumping is a scored and timed event. The time taken will be used to break all ties on horses with jumping faults and/or the combination of jumping and time faults. Time allowed may be used under the direction of show management, judge(s), and professional course designer. The time allowed to complete the course should be calculated from an actual measurement of the courses length (a minimum speed of 360 yards (327.6 meters per minute). The length of the course must be announced or posted prior to the start of the class. The judge should assure that the course has in fact been properly measured and the time allowed calculated according to the speed. After the first competitor has completed their round, the time allowed and the competitor's time should be announced. The use of a time allowed is optional in the first round.

- A. The judge(s) may change the time allowed if they feel it is inaccurate, but only after consultation with the course designer. The time allowed may only be adjusted after the first competitor completes the round without a disobedience and not later than following the third competitor to complete the course without a disobedience.
- B. The time limit to complete the course is double the time allowed.
- C. One (1) second time fault is charged for each second or fraction thereof by which the time allowed is exceeded. Time faults awarded in a final jump-off are penalized one fault for each commenced second over time allowed. Knockdown(s) occurring from a refusal will incur a four second penalty. Any competitor whose time including penalty seconds exceeds the time limit is eliminated.

WORKING HUNTER

The working hunter is a representative of the type of horse used in the hunt field. He should possess manners, jumping ability, style, pace and quality. The working hunter must be able to demonstrate his ability to provide the rider with a smooth comfortable and safe ride.

3471. Course Design. A hunter course shall be any course which management deems a fair test of a hunter. Judges are responsible for correctness of each course after it has been set, and shall call the show committee's attention to any errors that would tend to result in unfair or inappropriate courses. The judge must walk the course and has the right and duty to alter the course in any manner to insure its safety. The judge may remove or change any obstacle he/she deems unsafe or non-negotiable.

- A. It is mandatory that a schooling area be provided with at least one practice jump or warm up time over jumps in the arena;
- B. Hard hats which meet ASTM/SEI standards or equivalent standards for equestrian use should be worn when schooling over fences.
- C. There will be a minimum five (5) minute warm up period after the course walk is closed before the first competitor is called to the ring to compete.

3472. Course or Arena Arrangement:

- A. Minimum of four (4) obstacles with horses to make a minimum of eight (8) jumps;

B. One change of direction is mandatory.

3473. Types of obstacles which may be used should be fences that simulate obstacles found in the hunting field, such as:

- A.** Natural looking post and rail;
- B.** Brush;
- C.** Walls;
- D.** Coops
- E.** Ascending boxes (not square);
- F.** Triple bars and hog backs are prohibited;
- G.** Striped poles are not recommended.
- H.** PVC poles are prohibited.

3474. The top element of all fences must be securely placed so that a slight rub will not cause a knockdown. It is recommended, but not required, to use FEI approved safety cups of breakable pins in the schooling/warm up riding and on all fences in the show arena.

3475. Distance between fences is recommended to be in twelve (12') foot (3.5 meters) increments with the exception of some combinations:

HUNTER DISTANCES. Combinations: one stride in and out, 24-26 feet, two strides in and out, 36 feet. Distances relative to height are recommended as below. Consideration should be given to adjusting only if weather conditions or arena footing (too deep, packed, too hard, or too wet) would so warrant. Safety of horse and/or rider should always be given priority.

Height	2'6"	2'9"	3'0"
Distance			
(3) Strides	47'	47'6"	48
(5) Strides	70'6"	59'6"	60
(6) Strides	82'	82'6"	84'
(7) Strides	93'6"	94'	96'

3476. Minimum heights:

D. Minimum height for novice and select will be two feet, six inches with a maximum of two feet, nine inches.

3477. A variation of three (3") inches (75 mm) in fence height, down from official heights listed, may be instituted if show management and the official judges feel circumstances warrant, i.e. footing, weather, etc.

3478. The use of wings on obstacles in hunter classes is recommended.

3479. Jump standards with hole heights at three (3") inch (75 mm) intervals with jump cups are recommended.

3480. Judging Emphasis. To be judged on manners, way of going and style of jumping.

A. Horses shall be credited with maintaining an even hunting pace that covers the course with free flowing strides;

B. Preference will be shown to horses with correct jumping style that meet the fences squarely, jumping at the center of the fence;

C. Judges shall penalize unsafe jumping and bad form over the fences whether touched or untouched, including twisting;

D. Incorrect leads around the ends of the course or cross-cantering shall be penalized;

E. Excessive use of the crop shall be penalized;

F. In and outs (one or two strides) shall be taken in the correct number of strides or be penalized;

G. Any error which endangers the horse and/or its rider, particularly refusals or knockdowns, shall be heavily penalized.

3481. Scoring. Scoring shall be on a basis of zero (0) to one hundred (100), with an approximate breakdown as follows:

A. 90-100: an excellent performer and good mover that jumps the entire course with cadence, balance and style;

B. 80-89: a good performer that jumps all fences reasonably well; an excellent performer that commits one or two minor faults;

C. 70-79: the average mover that makes no serious faults, but lacks the style,

cadence and good balance of the scopier horses; the good performer that makes a few minor faults;

D. 60-69: poor movers that make minor mistakes; cross canter, fair or average movers that have one or two poor fences but no major faults or disobediences;

E. 50-59: a horse that commits one major fault, refusal, trot or drops a leg;

F. 30-49: a horse that commits two or more major faults, including front or hind knockdowns and refusals, or jumps in a manner that otherwise endangers the horse and/or rider;

G. 10-29: a horse that avoids elimination but jumps in an extremely unsafe and dangerous manner.

3482. General.

A. Circling once upon entering the ring and once upon leaving is permissible;

B. After jumping the last fence, the horse shall trot a small circle on a loose rein for soundness;

C. Any horse showing lameness, broken wind, or impairment of vision shall be refused an award;

D. Horses shall not be requested to rejump the course;

E. When an obstacle is composed of several elements, any disturbance of these elements will be penalized; however, only a reduction in height of the top element shall be considered a knockdown;

F. When an obstacle requires two or more fences (in and out), faults committed at each obstacle are considered separately. In case of a refusal or runout at one element, entry must re-jump the previous elements;

G. Manners to be emphasized in Youth and Amateur classes;

H. In cases of broken equipment, the rider may either continue without penalty or stop and correct the difficulty and be penalized the same as any loss of forward impulsion.

3485. Disobedience; major faults.

B. Jumping an obstacle before it is reset;

C. Bolting from ring;

D. Off course;

E. Jumping an obstacle not included in course;

F. Deliberately addressing an obstacle.

G. Failure to trot the horse in a small circle on a loose rein for soundness, after jumping the fence, while still mounted and prior to leaving the arena.

H. Fall of horse and/or rider.

GREEN WORKING HUNTER

3488. Available only in the open division.

A. The same rules apply in green working hunter class as apply in working hunter, except the eligibility requirements and heights of the jumps.

B. Horses eligible to compete:

1) Horses in their first year of showing in PHBA-approved shows in green working hunter, working hunter or jumping classes;

2) Horses that have shown during previous years in PHBA approved green working hunter, working hunter or jumping classes, but have not won more than 25 points in these events as of January 1 of the current show year.

C. Fence heights shall be two feet six inches (76 cm) to two feet nine inches (85 cm).

WESTERN GAITS

3500. The following terminology shall apply:

A. The walk is a natural, flat-footed, four-beat gait. The horse must move straight and true at the walk. The walk must be alert, with a stride of reasonable length in keeping with the size of the horse.

B. The jog is a smooth, ground covering two-beat diagonal gait. The horse works from one pair of diagonals to the other pair. The jog should be square, balanced and with straight, forward movement of the feet. Horses walking with their back feet and trotting in the front are not considered performing the required gait. When asked to extend the jog, it moves out with the same smooth way of going.

C. The lope is an easy, rhythmical three-beat gait. Horses moving to the left

should lope on the left lead. Horses moving to the right should be on the right lead. Horses traveling at a four-beat gait are not considered to be performing at a proper lope. The horses should lope with a natural stride and appear relaxed and smooth. It should be ridden at a speed that is a natural way of going. The head should be carried at an angle which is natural and suitable to the horse's conformation at all gaits.

3501. There will be an order of priority for evaluating western gaits. This hierarchy of consideration must be adhered to by judges and will be a great aid to exhibitors for how their horses should be presented. Following are the requirements in order of importance.

A. Correctness - Concerning correctness, which is the most important element of the hierarchy, judges must assess if the exhibitor has performed each gait correctly as defined during all or the majority of all of the class in order to have a correct or positive evaluation. For western gaits, this includes a four-beat walk, two-beat jog and three-beat lope. The distinctness of the designated cadence for the gait being performed is essential.

B. Quality - Concerning quality, which is the second most important element in the hierarchy, and can only be considered positively if the gait performance has complied with the first element of correctness. When evaluating the pleasing characteristics of a gait, among many considerations, judges must consider overall gracefulness, relaxed expression, topline, softness of movement, consistency and length of stride of the designated gait.

C. Degree of Difficulty - Concerning degree of difficulty, this is the least important and last element of the hierarchy. This element must only be considered if the requirement for correctness has been met and combination of correctness and quality allow the performance to be considered for placement. Difficulty is greatly influenced by exhibiting a pleasure horse at a pace and speed that allows for correctness and best quality of a gait for that individual. A performance of a walk that is ground covering and free flowing has a high degree of difficulty. A jog or lope that is performed with a slow rhythm without sacrificing correctness or quality has a high degree of difficulty. Slowness that sacrifices correctness or negatively impacts quality shall be considered incorrect and a poor performance at best.

3502. Walk:

A. Poor walk - uneven pace and no cadence. Has no flow and may appear intimidated or appear to march.

B. Average walk - has a four-beat gait, level top-line and is relaxed.

C. Good walk - has a flowing four-beat gait, level topline, relaxed and is bright and attentive.

3503. Jog/trot:

A. Extremely Poor jog - cannot perform a two-beat gait and has no flow or balance in the motion.

B. Very Poor jog - hesitates in the motion. Does not keep an even and balanced motion or a level top-line. May appear to shuffle.

C. Poor jog - average motion but has negative characteristics such as; walking with the hind legs, dragging the rear toes or taking an uneven length of stride with the front and rear legs.

D. Correct or average jog - has a two-beat gait, a level top-line and a relaxed appearance.

E. Good jog - has an average motion with positive characteristics such as balance and self-carriage while taking the same length of stride with the front and rear legs.

F. Very good jog - is comfortable to ride while having a consistent two-beat gait. The horse guides well, appears relaxed and has a level top-line.

G. Excellent jog - effortless and very efficient motion. Swings the legs yet touches the ground softly. Confident, yet soft with its motion while being balanced and under control. Moves flat with the knee and hock and has some cushion in the pastern. Has a bright and alert expression and exhibits more lift and self carriage than the "very good jog".

3504. Moderate Extension of the Jog: It is mandatory that a moderate extension of the jog be asked for in at least one direction during the western pleasure classes. EXCEPTIONS: Two Year Old Western Pleasure, Novice Youth 18 & Under Western Pleasure, Novice Amateur Western Pleasure, Amateur Select Western Pleasure, Youth Walk-Trot 5-9 Western Pleasure, Youth 10-18 Walk-Trot Western Pleasure and Amateur Walk-Trot Western Pleasure. However, the modified extension of the jog remains optional in the above classes. A moderate extension of the jog is a definite two beat lengthening of stride, covering more ground. Cadence and balance with smoothness is more essential than speed. Riders should sit at

the moderated extension of the jog; Extended gaits are not allowed in the Youth Walk-Trot 5-9, per Rule 6414:

- A. Poor extended jog - never lengthens the stride and may appear rough to ride.
- B. Average extended jog - moves up in its pace and appears smooth to ride.
- C. Good extended jog - has an obvious lengthening of stride with a slight increase in pace while exerting less effort and appears smooth to ride.

3505. Lope: an easy, rhythmical three-beat gait. Horses moving to the right should lope on the right lead; and, when moving to the left, should lope on the left lead.

- A. Extremely Poor lope - does not have a three-beat gait. Has no flow, rhythm or balance. Uncomfortable to ride.
- B. Very Poor lope - appears to have a three-beat lope but has no lift or self-carriage. The horse shuffles, has no flow and bobs his head, giving the appearance of exerting a great deal of effort to perform the gait. Also may appear uncomfortable to ride.
- C. Poor lope - has an average motion but exhibits negative characteristics like head bobbing, not completing the stride with the front leg and leaving the outside hock well behind the horse's buttocks.
- D. Average lope - has a true three-beat gait with a level top-line and very little head and neck motion. He is relatively straight (not over-canted), guides well and has a relaxed appearance.
- E. Good lope - has an average motion but exhibits positive characteristics in his performance like self-carriage, a steady top-line, relaxed appearance and is responsive to the rider's aids.
- E. Very good lope - has more lift and flow than the average horse. He has a strong but smooth drive from behind. He may bend his knee slightly yet still has a level top-line while exhibiting self-carriage with a relaxed appearance. Appears comfortable to ride.
- G. Excellent lope - has a round back with an effortless strong, deep stride with the rear legs and a flat swing with the front legs. He keeps a level top-line, a relaxed yet alert and confident appearance and is correct but soft. A special horse with a great degree of lift and self-carriage.

3506. Head Carriage: The head should be carried at an angle that is natural and suitable to the horse's conformation at all gaits.

3507. Back Up:

- A. Poor back-up - is resistant and heavy in front. May gap the mouth and throw his head or back crooked.
- B. Average back-up - backs straight and quietly with light contact and without hesitation.
- C. Good back-up - displays balanced and smooth flowing movements. Backs straight with self-carriage without gapping the mouth with light contact and without hesitation.

3508. Passing: If a horse and a rider are traveling properly in all three gaits, they should not be penalized for passing another horse.

WESTERN PLEASURE

3511. Class Divisions. A show may have up to three (3) Western Pleasure classes. If three (3) Western Pleasure classes are to be held at a show, they shall be the following:

- A. Senior Western Pleasure (six-years-old or older) shown with a bit;

EXCEPTIONS: Two Year Old Western Pleasure, Novice Youth 18 & Under Western Pleasure, Novice Amateur Western Pleasure, Amateur Select Western Pleasure, Youth Walk-Trot 5-9 Western Pleasure, Youth 10-18 Walk-Trot Western Pleasure and Amateur Walk-Trot Western Pleasure. However, the moderate extension of the jog remains optional in the above classes. A moderate extension of the jog is a definite two beat lengthening of stride, covering more ground. Cadence and balance with smoothness is more essential than speed. Riders should sit at the moderated extension of the jog. Extended gaits are not allowed in the Youth Walk-Trot 5-9, per Rule 6414.

C. At the option of the judge, horses may be asked to lengthen their stride at the walk or lope, one or both ways of the ring.

D. Horses are to be reversed to the inside (away from the rail). They may be required to reverse at the walk or trot at the discretion of the judge, but shall not be asked to reverse at the lope;

E. Horses are required to back easily and stand quietly;

F. The judge may ask for additional work of the same nature from any horse. S/he is not to ask for work other than that listed above;

G. The rider shall not be required to dismount except in the event the judge wishes to check equipment;

H. Passing is permissible and should not be penalized as long as the horse maintains a proper and even cadence and rhythm.

3516. Desirable Characteristics. Maximum credit should be given to the flowing, balanced and willing horse which gives the appearance of being fit and a pleasure to ride.

3517. Stride. A good pleasure horse has a free-flowing stride of reasonable length in keeping with its conformation. He should cover a reasonable amount of ground with little effort. Ideally, he should have a balanced, flowing motion. 3518. Head and Neck Carriage. He should carry his head and neck in a relaxed, natural position, with his poll level with or slightly above the level of the withers. He should not carry his head behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance. Ideally, his head should be no lower than level, with his nose slightly in front of the vertical, having a bright expression with his ears alert.

3519. Rein Contact. He should be shown on a reasonably loose rein, but still have light contact and control.

3579. Reins. Except for junior horses shown with bosal or snaffle bit, only one (1) hand may be used on the reins, except that it is permissible to change hands to work an obstacle.

3580. While horse is in motion, the rider's hands shall be clear of the horse and saddle.

3581. Trail Course. At least six (6) obstacles will be used, three (3) of which will be mandatory and at least three (3) others selected from the approved list.

A. The course to be used must be posted at least one (1) hour before the scheduled time of the class;

B. If disrupted, the course shall be reset after each horse has worked. In case that an obstacle is used in combination, the obstacle cannot be rest until contestant finished the entire course;

C. Management, when setting courses, should keep in mind that the idea is not to trap a horse, or eliminate it by making an obstacle too difficult;

D. If difficult courses are set, novice and junior trail should be less difficult.

E. When the distances and spaces are being measured between all obstacles, the inside base to inside base measurement of each obstacle considering the normal path of the horse should be the measuring point

3582. Gaits. Horses must not be required to work on the rail. Gaits between obstacles will be mandatory. Enough space shall be provided for a horse to jog trot at least thirty (30') feet, and lope at least fifty (50') feet and for the judge to evaluate these gaits.

A. A flying lead change does not constitute an obstacle in a trail class. Any lead changes or change of gait shall be judged under the scored gaits and way-of-going judging criteria. A flying lead change cannot be required, but it can be optional.

MANDATORY OBSTACLES

3583. Gate. Opening, passing through, and closing a gate. Losing control of gate is to be penalized. A gate should be used which will not endanger horse or rider. Entrants cannot be asked to back over a stationary object such as a wooden pole or metal bar (i.e. If the gate has a metal, plastic, or wooden support bar under the opening, contestants must work the gate moving forward through it.

3584. Poles/Logs. Ride over at least four (4) logs or poles. These can be in a straight line, curved, zigzagged or raised. The space between the poles or logs is to be measured and the path the horse is to take should be the measured point. Tro-tovers and lopeovers cannot be elevated in novice classes. All elevated elements must be placed in a cup, notched block or otherwise secured so they cannot roll. The height should be measured from the ground to the top of the element. Spacing for walkovers, trot overs and lopeovers should be as follows or increment thereof. Measured distances are to meet these specifications.

A. **Walkovers.** Distance between logs, measured at the edge of logs, twenty (20") to twenty-four (24") inches (40 cm to 60 cm) and may be elevated to twelve (12") inches (30 cm) should be a minimum of twenty-two (22") inches (55 cm) apart;

C. Lopecovers. Distance between logs, measure at the edge of logs, six (6') feet to seven (7') feet (1.8 to 2.1 meters) or increments thereof and may be elevated to eight (8") inches (20 cm).

3585. Backing Obstacles. Backing obstacles to be spaced a minimum of twenty eight (28") inches; if elevated, thirty (30") inch spacing is required. Entrants cannot be asked to back over a stationary object such as a wooden pole or metal bar.

A. Back through and around a least three (3) markers;

B. Back through "L", "V", "U", straight, or similar shaped course. May be elevated no more than twenty four (24") inches.

3591. Remove and replace material from mailbox.

3592. Side pass, may be elevated to twelve inches (12") maximum.

3593. The obstacle consisting of four (4) logs or rails laid in a minimum six feet (6') square box. Each contestant will enter the square by riding over the log or rail as designated. When all four (4) hooves are inside the square, the rider should execute a turn as indicated.

3594. The show management has the option of the use of any other safe and negotiable obstacle which could reasonably be expected to be encountered on a trail ride, providing such obstacle meets the approval of the judge.

3595. A combination of two or more of any of the obstacles is acceptable.

3596. Course Safety. All courses and obstacles are to be constructed with safety in mind so as to eliminate any accidents.

A. The judge must walk the course prior to the class.

B. The judge has the right and duty to alter the course in any manner or remove any obstacle s/he deems unsafe or non-negotiable. If at any time a trail obstacle is deemed to be unsafe by the judge(s), it shall be repaired or removed from the course. If it cannot be repaired and horses have completed the course, the score for that obstacle shall be deducted from all previous works for that class;

RANCH HORSE DIVISION

3600. Judging Emphasis. The ranch horse division demonstrates the performance, versatility and conformation of the Palomino horse as a working ranch horse. Classes offered may include Ranch Horse, Ranch Riding, Ranch Rail Pleasure, Ranch Trail, Ranch Reining and Ranch Conformation.

3601. In all gaits, movement of the ranch horse should simulate a horse needing to cover long distances, softly and quietly, like that of a working ranch horse. The following terminology shall apply:

3602. Walk - The walk is a natural, flat footed, four-beat gait. The gait is rhythmic and ground-covering. As in all gaits, the horse should display a level, or slightly above level topline with a bright, attentive expression.

3603. Extended Walk - The extended walk is an obvious lengthening of stride that will naturally increase the pace. The horse should move in a natural manner (not a running walk) as if it were moving across an open pasture.

3604. Trot - The trot is a natural two-beat gait demonstrating more forward motion than the western jog.

3605. Extended Trot - The extended trot is an obvious lengthening of the stride with a definite increase in pace. The horse should be moving in a manner as if it were covering a large area on a ranch with an above level topline.

3606. Lope - The lope is a three-beat gait The lope should be relaxed and smooth with a natural, forward moving stride.

3607. Extended Lope - The extended lope is not a run or a race but should be an obvious lengthening of the stride, demonstrating a forward, working speed. The horse should display an above level topline with a bright, attentive expression.

RANCH RIDING

3617. The purpose of the ranch riding class is to measure the ability of the horse to be a pleasure to ride while being used as a means of conveyance from performing one ranch task to another. The horse should reflect the versatility, attitude, and movement of a working ranch horse riding outside the confines of an arena. The horse should be well-trained, relaxed, quiet, soft and cadenced at all gaits. The ideal ranch horse will travel with forward movement and demonstrate an obvious lengthening of stride at extended gaits. The horse can be ridden with light contact or on a relatively loose rein without requiring undue restraint, but not be shown on a full drape of reins. The overall manners and responsiveness of the ranch riding horse to make timely transitions in a smooth and correct manner, as well as the quality of movement are the primary considerations. The ideal ranch riding horse should have a natural ranch horse appearance from head to tail in each maneuver.

3618. For horses three years of age and older, offered as junior, senior or all-aged open division, and as an all aged class for Novice Youth, Youth, Novice Amateur, Select Amateur and Amateur.

3619. Class requirements:

A. Each horse will work individually, performing both required and optional maneuvers, and scored on the basis of 0 to 100, with 70 denoting an average performance. Each maneuver will receive a score that should be added or subtracted from 70 and is subject to a penalty that should be subtracted. Each maneuver will be scored on the following basis, ranging from plus 1 1/2 to minus 1 1/2: -1 1/2 extremely poor, -1 very poor, -1/2 poor, 0 correct, +1/2 good, +1 very good, +1 1/2 excellent. Maneuver scores are to be determined and assessed independently of penalty points.

B. The required maneuvers will include the walk, trot, and lope both directions: and the extended trot and extended lope at least one direction; as well as stops, and back.

C. The optional maneuvers may include a side pass, turns of 360 or more, change of lead (simple or flying), walk, trot, or lope over a log(s); or some reasonable combination of maneuvers that would be reasonable for a ranch horse to perform or encounter during ranch work.

D. The overall cadence and performance of the gaits should be as those described in **Ranch Horse Division**, with an emphasis on forward movement, free-flowing, and ground covering for all gaits. Transitions should be performed where designated, with smoothness and responsiveness.

E. No time limit.

F. One of fifteen (15) approved patterns must be used.

F. It is suggested competitors use a breast collar and a rear cinch.

G. When exhibiting in a snaffle bit or hackamore, an exhibitor may switch between two hands and one hand on the reins at any time.

RANCH RAIL PLEASURE

3625. For horses three years of age and older, offered as junior, senior or all-aged open division, and as an all aged class for Novice Youth, Youth, Novice Amateur. Select Amateur and Amateur.

3626. This class is intended as a rail class but individuals working off the rail will not be penalized.

3627. The Ranch Rail Pleasure class measures the ability of the horse to be a pleasure to ride while being used as a means of conveyance from one ranch task to another and should reflect the versatility, attitude, and movement of a working horse. The horse should be well-broke, relaxed, quiet, soft and cadenced at all gaits. The horse should be ridden on a relatively loose rein with light contact and without requiring undue restraint. The horse should be responsive to the rider and make timely transitions in a smooth and correct manner. The horse should be soft in the bridle and yield to contact. The ideal ranch rail horse should have a natural head carriage at each gait. In all gaits, movement of the ranch rail pleasure horse should simulate a horse needing to cover long distances, softly and quietly, like that of a working ranch horse. This class should show the horse's ability to work at a forward, working speed while under control by the rider. Light contact should be rewarded and horse shall not be shown on a full drape of reins. Maximum credit should be given to the horse that has a flowing stride, is balanced, and that gives the appearance of being willing, fit, alert and a pleasure to ride while possessing great athletic ability and agility. This class will be judged on the performance, athletic ability, condition and conformation of the horse.

3628. Part of the evaluation of this class is on smoothness of transitions. A horse may be collected from the extended trot as the horse moves into the lope. The transition from the extended lope down to the trot is a transition to the seated trot not the extended trot. Therefore, an extra cue to achieve this gait is expected. Horses that complete this total transition within three (3) strides calmly and obediently should be rewarded. Horses that attempt to stop or do stop prior to trotting will be penalized. Judges expect to see horses that have been trained to respond to cues. To see these cues applied discretely and the horse responding correctly could be a credit earning situation.

3629. To rein a horse is not only to guide him but also to control his every movement. The best reined horse should be willingly guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of control.

3630. Class Procedure. Horses are to be shown at a walk, trot, extended trot and lope on a reasonably loose rein without undue restraint.

A. Horses must work both ways of the ring at the walk, trot, extended trot and lope to demonstrate their ability with different leads. Cadence and balance with smoothness is more essential than speed and riders may sit or post the extended trot;

B. Judges, at their discretion, may also ask for an extended lope. A maximum of twelve (12) horses will be asked to extend lope at one time depending upon the size of the arena.

C. At the option of the judge, horses may be asked to lengthen their stride at the walk or trot, one or both ways of the ring.

D. Horses are to be reversed to the inside (away from the rail). They may be required to reverse at the walk or trot at the discretion of the judge, but shall not be asked to reverse at the lope;

E. Horses are required to back easily and stand quietly;

F. The judge may ask for additional work of the same nature from any horse.

G. The rider shall not be required to dismount except in the event the judge wishes to check equipment.

3631. Faults to be scored according to severity and can be a cause for disqualification:

A. Too slow/per gait

B. Excessive speed (any gait)

C. Over-bridled or excessive nosing out or excessive head bobbing

D. Opening/gapping mouth excessively

E. Out of frame

F. Break of gait (including not walking when called for)

G. Failure to take the appropriate gait when called for (during transitions, excessive delay)

H. Wrong lead or out of lead

I. Overly canted at the lope

J. Draped reins

- K. Out of lead or cross-cantering more than two strides
- L. Trotting more than three strides when taking lead
- M. Quick, choppy or pony strided
- N. Unnatural ranch horse appearance (Horse's tail is obvious and consistently carried in an unnatural manner in every maneuver)
- O. Stumbling, ringing tail
- P. If horse appears sullen, dull, lethargic, emaciated, drawn or overly tired
- Q. Blatant disobedience (kick, bite, buck, rear, etc.)
- R. Major disobedience or schooling
- S. Use of spurs or romal forward of the cinch
- T. Use of either hand to instill fear/praise

3632. Ranch Class Apparel and Equipment: Attire and tack should be clean and presentable. Working tack is encouraged.

- A. No hoof polish;
- B. No braided or banded manes or tail extensions
- C. Trimming inside ears is discouraged.
- D. Trimming bridle path is allowed, also trimming of fetlocks or excessive (long) facial
- E. Equipment with silver should not count over a good working outfit. Silver bridles and saddles are discouraged.

RANCH TRAIL

3633. See **Trail Rule(s) 3571–3597.** The following are in addition to these rules. Obstacles should be task-related to work on a ranch; natural or realistic obstacles are recommended. Horses should receive credit for showing attentiveness to the obstacles. Quality of movement and cadence should be considered as part of the maneuver score.

ADDITIONAL MANDATORY OBSTACLES

One of the following

3634. Stationary Steer. This obstacle is used to show the willingness of the horse to have a rope thrown from its back. Exhibitor must carry rope into the class. Fast and efficient loop build and put away after roping should be rewarded. Only one loop will be allowed. If the rope is dropped before the stationary steer obstacle, the competitor will be disqualified. The judge shall give credit to the horse that stands quietly while the competitor makes the swing and throws at the steer. Shying from rope will be penalized as to severity. The rider shall not be penalized for a miss but shall receive credit for pulling slack, and dallying the rope and the horse being in correct position and standing quietly.

3635. Log Drag. Rider will be handed or pick up rope and drag log according to posted pattern to show horse's willingness and ability to pull. Once the maneuver is completed, the rider will drop the rope or return it to its original position as instructed and continue to next obstacle. Not to be used in youth classes.

RANCH REINING

3647. The ranch reining class measures the ability of the stock horse to perform basic handling maneuvers. Patterns may be chosen from any of the PHBA Reining patterns, AQHA VRH and RHC Ranch Reining Patterns, or reining patterns

of recognized breed associations at their sponsored and/or approved shows. Exhibitor should not be penalized for reining their horse through the pattern in a reasonable manner.

3648. Stops should be hard and deep as if needed to stop and go in the other direction. Stop should be square and done without resistance (it should be at the judge's discretion on what he/she considers an excessive slide). Excessive stops beyond ten (10) feet should be minus in 1/2 point increments.

3649. Turn arounds should be those of a working horse, they should be correct and job efficient.

RANCH CONFORMATION

3650. The purpose of the ranch conformation is to select the most positive combination of balance, structural correctness and movement. The ideal standard in evaluating horses in conformation should include but not limited to soundness and correctness in conformation, particularly feet and legs with emphasis on correct manner of travel including athletic ability and the "appearance of" agility. An individual that is well mannered; displays appropriate breed and sex characteristics; and adequate muscling. To be eligible to compete in the ranch conformation class the horse must be shown in at least one other ranch horse division class.

3651. All horses will be shown together as one class per division (Open, Amateur, Amateur Select, Youth).

3652. Horses may be shown in a good working halter: plain leather, rope, braided, nylon. No silver will be allowed on halters. Any silver on halters will result in an automatic disqualification. Brass name plates and embroidered halters will be allowed.

3653. Lip chains, splint boots, leg wraps or bandages are prohibited in any conformation classes. In the event of injury, the judge may permit a protective bandage.

3654. Banded or braided manes and braided tails and tie-in tails and/or extensions are not allowed.

3655. The horse should be clean and brushed. It is recommended that a horse should be shown as naturally as possible.

WESTERN RIDING

3656. Judging Emphasis. Western Riding is an event where the horse is judged on quality of gaits, lead changes at the lope, response to the rider, manners and disposition. The horse should perform with reasonable speed, and be sensible, well mannered, free and easy going.

3657. Credit. Credit shall be given for and emphasis placed on smoothness, even cadence of gaits (i.e. starting and finishing pattern with the same cadence), and the horse's ability to change leads precisely and easily rear and front at the center point between markers. In order to have balance, with quality lead changes, the horse's head and neck should be in a relaxed, natural position, with his poll level with or slightly above the level of the withers. He should not carry his head behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance.

A. Gaits are to be performed as described in **Rule(s) 3501-3507;**

B. The horse should have a relaxed head carriage showing response to the rider's hands, with a moderate flexion at the poll;

C. Tail carriage shall be judged as detailed in **Rule(s) 3195;**

D. The horse should cross the log both at the jog and the lope without breaking gait or radically changing stride;

E. Changes of leads, hind and front simultaneously;

F. Change of lead near the center point of lead change area;

G. Accurate and smooth pattern;

H. Even pace throughout;

I. Easy to guide and control with rein and leg;

J. Manners and disposition;

K. Conformation and fitness.

3658. Pattern. The judge will select one of the five patterns to be performed. The judge is responsible for the pattern being correctly set.

3659. Markers. The eight (8) small circles represent markers (pylons or cones recommended).

A. These should be separated by a uniform measured distance of not less than thirty (30') feet (9 meters) nor more than fifty (50') feet (15 meters) on the side

with five (5) markers;

B. It is recommended that markers be set a minimum of fifteen (15') feet (4 1/2 meters) from the fence with fifty (50) to eighty (80) feet (15-24 meters) width in the pattern, as the arena permits.

C. A cone shall be placed along the wall or rail of the arena to designate where the exhibitor should initiate the walk. On pattern 1, the cone should be placed a minimum of 15 feet before the first pylon. On patterns 2, 3, 4 and 5, the cone should be placed even with the first pylon. The on-deck exhibitor should not go to the start-cone until the contestant on pattern has cleared the working area by the start-cone for the final time.

3660. Log. The rectangle represents an obstacle (one small log recommended), minimum of eight (8') feet in length.

3661. Hands on Reins. Except for junior horses shown with a bosal or snaffle bit, only one (1) hand may be used on the reins and hands must not be changed, except that it is permissible to change hands when opening a gate if the gate is in such a position as to justify the change of hands on the reins.

REINING

3669. Class Divisions. A show may have up to three (3) approved Reining classes. If three (3) Reining classes are to be held at a show, they shall be the following:

- A. Senior Reining (six-years-old and older) shown with a bit;
- B. Junior Bit Reining (five-years-old and younger) shown with a bit;
- C. Bosal/Snaffle Bit Reining (five-years-old and younger) shown with bosal or snaffle bit. No horse may be entered in both Junior Bit and Bosal/Snaffle Bit Reining classes at the same show.

3670. If two (2) Reining classes are to be held at a show, they shall be the following:

- A. Senior Reining (six-years-old and older) shown with a bit;
- B. Junior Reining (five-years-old and younger) shown with a bit, bosal, or snaffle bit at the discretion of the exhibitor.

3671. If only one (1) Reining class is to be held at a show, it shall be Reining, all ages.

- A. Horses six-years-old and older must be shown in a bit;
- B. Horses five-years-old and younger may be shown in a bit, bosal, or snaffle bit at the discretion of the exhibitor.

3672. While the horse is in motion, the rider's hands shall be clear of the horse and saddle.

3673. Pattern. In an approved Reining class, any one (1) of the thirteen (13) approved PHBA reining patterns may be used.

- A. The pattern is to be selected by the judge of the class and used by all contestants in the class; Each contestant will perform the required pattern individually and separately. All horses will be judged immediately upon entering the arena. Any fault incurred prior to the commencement of a pattern will be scored accordingly.

- B. Barrels and chairs may not be used as markers in the pattern.

3674. Additional Work. A judge may require any contestant to repeat his/her performance of any or all of the various parts of the pattern.

3675. Judging Emphasis. Each contestant will perform the required pattern individually and separately. To rein a horse is not only to guide it, but also to control its every movement. The best reined horse should be willfully guided or controlled with little or no apparent resistance, and dictated to completely.

- A. Any movement on the horse's own must be considered a lack of control;
- B. All deviations from the exact written pattern must be considered a lack of or temporary loss of control and therefore faulted according to severity of deviation;
- C. Credit will be given for smoothness, finesse, attitude, quickness, and authority in performing the various maneuvers while using controlled speed.

3676. Scoring. Scoring will be on a basis of zero (0) to infinity, with seventy (70) denoting an average performance. The individual maneuvers are scored in 1/2 point increments from a low of -1 1/2 to a high of +1 1/2 with a score of 0 denoting a maneuver that is correct with no degree of difficulty. Points will be added or subtracted from the maneuvers on the following basis, ranging from:

- A. Excellent, +1 1/2
- B. Very good, +1
- C. Good, +1/2
- D. Average, 0
- E. Poor, -1/2
- F. Very poor, -1
- G. Extremely poor, -1 1/2
- H. Neither a no score or a zero (0) are eligible to place in a go round or class.

3677. No Score. The following will result in a no score:

- A. Willful abuse of a horse while in arena and/or evidence that an act of abuse has occurred prior to or during the exhibition of a horse in competition;
- B. Use of illegal equipment, including wire on bits, bosal or curb chains;
- C. Use of illegal bits, bosals or curb chains;

- G. Failure to provide horse and equipment to the appropriate judge for inspection;
- H. Disrespect or misconduct by the exhibitor.

3678. Zero Score. Neither a No Score nor a 0 are eligible to place in a go round

or class, but a 0 may advance in multi-go event while a no score may not. The following will result in a zero (0) score:

- A. More than index or first finger between reins;
- B. Changing hands or use of two hands;
 - 1) EXCEPTION: Junior horses ridden with two handed in a bosal or snaffle bit;
 - 2) Excess rein may be straightened at anytime during the pattern, provided the rider's free hand remains behind the rein hand. Any attempt to alter tension or length or the reins from the bridle to the rein hand is to be considered use of two hands, and a penalty score of zero will be applied. A rider's free hand may be used to hold the romal in the normal fashion. Use of the free hand while holding the romal to alter the tension or length of the reins from the bridle to the reining hand is considered to be the use of two hands, and a score of zero (0) will be applied with the exception of any place a horse is allowed to be completely stopped during a pattern.
- C. Closed reins are not allowed except as standard romal reins;
- D. Using romal other than as outlined in **Rule(s) 3315**;
- E. Equipment failure that delays completion of pattern;
- F. Failure to complete pattern as written;
- G. The inclusion of maneuvers not specified, including but not limited to:
 - 1) Backing more than two (2) strides (Two strides meaning four steps with the front feet.);
 - 2) Turning more than ninety (90) degrees;
- H. Performing the maneuvers other than in specified order;
- I. Balking or refusal of command, where performance is delayed
- J. Running away or failing to guide where it becomes impossible to discern whether the entry is on pattern;
- K. Jogging in excess of one half (1/2) circle or one half (1/2) the length of the arena while starting a circle, circling or exiting a rollback;
- L. Overspins of more than one fourth (1/4) turn;
- M. Fall to the ground by horse or rider.
- N. When going to and coming out of a rollback in a pattern requiring a run-around, a rollback that crosses the center line.
- O. Exceeds greater than one quarter of the circle out of order.

3679. Five Point Penalty. The following will result in a reduction of five (5) points:

- F. If a horse does not completely pass the specified marker before initiating a stop position.

3681. Starting circles of figure eights out of lead, delayed changes of lead or figure eights out of lead. Each time a horse is out of lead, a judge is required to penalize by one point. The penalty for being out of lead is accumulative, and the judge will add one penalty point for each one fourth of the circumference of a circle or any part thereof that a horse is out of lead

- A. Delayed change of lead by one stride where the lead change is required by the pattern description, 1/2 point;
- B. From start to one fourth (1/4) circle, 1 point;

- B. Any unnecessary aid given by the rider (such as unnecessary talking, petting, spurring, quirtting, or jerking of the reins);
- C. In all Reining patterns, failure to run circles or figure eights within the markers is not considered a fault depending on arena conditions as to size; however, failure to go beyond the markers on rollbacks and stops is considered a fault.

AMATEUR PROGRAMS

NOVICE AMATEUR PROGRAM

5001. This is a program designed to encourage less experienced members within a given class with the opportunity to exhibit with members of a similar experience range in that given class.

5002. Novice Amateur Eligibility. A person is considered eligible to show as a Novice Amateur exhibitor in Novice Amateur classes when: s/he is ineligible to show in PHBA youth classes; has not ever held a judge's card in PHBA, AQHA or any other recognized breed or color association and meets the criteria set forth in this **Rule 5002 A through G**. Once an exhibitor has met the foregoing criteria then that exhibitor's Novice Amateur eligibility shall be determined on a class by class basis.

A) The exhibitor cannot have earned a total of one hundred (100) or more lifetime performance points in any PHBA class in which that exhibitor seeks to show as a novice amateur. This one hundred point threshold is regardless of division (open, amateur, novice amateur, amateur select, novice youth or youth (13 and under or 14 to 18 excluding any walk trot division) in a class. (Example: 21 points in open western pleasure, plus 25 points in novice amateur western pleasure plus 27 points in amateur select western pleasure plus 27 points in amateur western pleasure would render the exhibitor ineligible to show Novice Amateur in novice amateur western pleasure)

1) Halter, color, longe line, hunter in hand, and parade points are not used in calculating Novice Amateur eligibility. However points earned in ama-

teur halter, color and longe line classes may be used in calculating novice amateur year end high point awards and in calculating the novice amateur top ten exhibitor lists provided that the exhibitor has earned at least 50 performance points in a class designated as novice amateur. Points earned in color halter and longe line may be used in calculating high point awards at APA shows.

B. An exhibitor is ineligible to show in or receive points as a novice amateur in a class in which the exhibitor has won a World Champion title in a PHBA performance class in any division except walk trot.

C. An exhibitor is ineligible to show in or receive points as a novice amateur in a class in which the exhibitor has won a World Champion title in any other equine organization's performance class in any division except walk trot.

D. An exhibitor cannot have earned more than 25 points in any other equine organization's performance class, regardless of levels, classifications of points or divisions, to be considered a Novice Amateur in that same PHBA class.

E. An exhibitor cannot have earned more than \$5000 in cash awards resulting from a performance class in PHBA or other equine organization. For purposes of this rule, monies earned as a result of the Palomino Incentive Fund shall not count towards this \$5000 limitation.

F. An exhibitor may not have received monetary compensation for training an equine activity and be eligible for a Novice Amateur designation.

G. This Rule is effective as of January 1, 2017. All points previously earned by any exhibitor in any performance class prior to January 1, 2017 shall count towards his/her Novice Amateur eligibility.

5003. Every person seeking this designation must do so on a yearly basis in writing by asking in writing that PHBA issue him/her a Novice Amateur Letter. The exhibitor, in his/her written request must specify to the PHBA office, the classes for which the Novice Amateur designation is sought. It shall be the primary responsibility of the member to only apply for the Novice Amateur designation for a given class where the Member meets the criteria set forth herein. If the member seeks the Novice Amateur designation for any given class and knowingly does not qualify for such designation under **Rule 5002**, that Member may be disciplined in accordance with PHBA Rules and shall be stripped of any awards, titles or points the Member wrongfully received. Upon application for the Novice Amateur designation, the PHBA office shall issue a written Novice Amateur Letter to the Member containing the list of classes that the applying member is eligible to show as a Novice Amateur. It is the exhibitor's responsibility to carry and to present this letter at the time any Novice Amateur class entries are made. Any exhibitor who is a novice in ALL novice classes offered does not need to obtain a Novice Amateur Letter but that members membership card must reflect the novice amateur status. Receipt of a Novice Amateur Letter does not obligate a member to show in the novice amateur division.

5004. Amateurs who are eligible for this Novice Amateur Letter and apply for the Novice Amateur Letter shall, along with the written application for the Novice Amateur Letter pay a \$25.00 fee to PHBA.

5005. The Novice Amateur Letter must be presented at each and every PHBA (or affiliate) show, including the World Show along with the member's current membership card whenever the exhibitor wishes to exhibit in a Novice Amateur class. Without the Novice Amateur Letter verifying the exhibitors eligibility to show in Novice Amateur classes, the show secretary has the right to decline the entry unless that status can be otherwise verified by the show management.

5006. Novice Amateurs are eligible to exhibit in Amateur and Amateur Select or Open division classes and still be eligible to show in Novice Amateur classes provided that all points in all divisions in that class do not exceed 100 points except as provided in **Rule 5008**. (Example: 30 points in novice amateur western pleasure plus 35 points in amateur select western pleasure and 35 points in amateur western pleasure would render the Exhibitor ineligible to show Novice Amateur in novice amateur western pleasure only). Exhibiting in the Amateur Walk Trot program shall not have any effect on a member's eligibility for a Novice Amateur Letter however an exhibitor may not show in both Novice Amateur classes and Amateur Walk Trot classes at the same show per the Amateur Walk Trot Rules.

5007. Ownership. See PHBA Amateur Program **Rule 5205**.

5008. Once a Novice Amateur has earned 100 points in a given Novice Amateur class, that exhibitor is no longer eligible to show in that class in subsequent years as a Novice Amateur. However, if a Novice Amateur designation is received in a show year that Novice Amateur Exhibitor may show that entire year as a Novice Amateur in that class as delineated in the Novice Amateur Letter regardless of the number of Novice Amateur points earned in that year in that class.

5009. If Novice Amateur classes are applied for, then the corresponding PHBA Amateur classes must also be offered.

5010. Novice Amateur classes must be held prior to the corresponding Amateur class.

5011. Novice Amateur classes shall be judged by the corresponding Amateur rules.

5012. Stallions may not be exhibited in Novice Amateur classes.

YOUTH SHOWMANSHIP AT HALTER

6201. The **showmanship** class shall be designed to evaluate the exhibitor's ability to execute, in concert with a well groomed and conditioned horse, a set of maneuvers prescribed by the judge with precision and smoothness while exhibiting poise and confidence, and maintaining a balanced, functional and fundamentally correct body position.

6202. It is mandatory that the judge(s) post any pattern(s) to be worked at least one

hour prior to the commencement of the class; however, if the judge requires additional work of exhibitors for consideration of final placing, the finals pattern may be posted. Pattern(s) should be designed to test the showman's ability to effectively present a horse to the judge. All ties will be broken at the judge's discretion.

6203. Class Procedures: All exhibitors may enter the ring and then work individually or each exhibitor may be worked from the gate individually. When exhibitors are worked individually from the gate, a working order is required. The following maneuvers are considered acceptable: lead the horse at a walk, jog, trot or extended trot, or back in a straight or curved line, or a combination of straight and curved lines; stop; and turn 90 (1/4), 180 (1/2), 270 (3/4), 360 (full turn) degrees or any combination or multiple of these turns. The pull turn is an unacceptable maneuver. The judge must have exhibitors set the horse up squarely for inspection sometime during the class.

6204. Showmanship whips (dressage whips etc.) will not be allowed at PHBA shows for showmanship purposes. War bridles or like devices, or any type of wire or rope over a horse's head will not be allowed at PHBA Shows.

A. A minimum gauge link of 4.0 mm is required.

6205. Scoring: Exhibitors are to be scored from 0 to infinity, with 70 denoting an average performance. Patterns will be divided into 6 to 10 maneuvers, as specified by the judge, and each maneuver will be scored from +3 to -3 with 1/2 point increments acceptable that will be added or subtracted from 70. Maneuver scores should be determined independent of penalties, and should reflect equal consideration of both performance of the exhibitor's pattern and the form and effectiveness of the exhibitor and presentation of horse to result in the following scores: +3 Excellent, +2 Very Good, +1 Good, 0 Average or Correct, -1 Poor, -2 Very Poor, -3 Extremely Poor. Exhibitors overall form and effectiveness should also be scored from 0 to 5 with 0 to 2 Average, 3 Good, 4 Very Good, 5 Excellent.

6206. Overall Appearance Of Exhibitor And Horse. The exhibitor's overall poise, confidence, appearance, and position throughout the class and the physical appearance of the horse will be evaluated.

A. **Appearance and Position of Exhibitor.** Appropriate western attire must be worn. Clothes and person are to be neat and clean. The use of any type of artificial aid including, but not limited to lighters, hay, dirt, sharp pins, etc. will be considered a disqualification;

1) Exhibitors should be poised, confident, courteous, and genuinely sportsmanlike at all times, quickly recognizing and correcting faults in the positioning of the horse. The exhibitor should continue showing the horse until the class has been placed or they have been excused, unless otherwise instructed by the judge. The exhibitor should appear business-like, stand and move in a straight, natural, and upright manner, and avoid excessive, unnatural, or animated body positions;

2) The exhibitor must lead on the horse's left side holding the lead shank in the right hand near the halter with the tail of the lead loosely coiled in the left hand unless requested by the judge to show the horse's teeth. It is preferable that the exhibitor's hand not be on the snap or chain portion of the lead continuously. The excess lead should never be tightly coiled, rolled, or folded. When leading, the exhibitor should be positioned between the eye and the mid-point of the horse's neck, referred to as the leading position;

3) Both arms should be bent at the elbow with the elbows held close to the exhibitors' side and the forearms held in a natural position. Height of the arms may vary depending on the size of the horse and exhibitor, but the arms should never be held straight out with the elbows locked;

4) The position of the exhibitor when executing a turn to the right is the same as the leading position except that the exhibitor should turn and face toward the horse's head and have the horse move away from them to the right;

5) When executing a back, the exhibitor should turn from the leading position to face toward the rear of the horse with the right hand extended across the exhibitor's chest and walk forward beside the horse with the horse moving backward;

6) When setting the horse up for inspection, the exhibitor should stand angled toward the horse in a position between the horse's eye and muzzle, and should never leave the head of the horse. The exhibitors are required to use the "Quarter Method" when presenting the horse. The exhibitor should maintain a position that is safe for themselves and the judge. The position of the exhibitor should not obstruct the judge's view of the horse and should allow the exhibitor to maintain awareness of the judge's position at all times. The exhibitor should not crowd other exhibitors when setting up

side-by-side or head-to-tail. When moving around the horse, the exhibitor should change sides in front of the horse with minimal steps and should assume the same position on the right side of the horse that they had on the left side;

7) Leading, backing, turning, and initiating the set up should be performed from the left side of the horse. At no time should the exhibitor ever stand directly in front of the horse. The exhibitor should not touch the horse with their hands or feet, or visibly cue the horse by pointing their feet at the horse during the set up.

B. Appearance Of Horse

1) The horse's body condition and overall fitness should be assessed. The hair coat should be clean, well-brushed, and in good condition. The mane, tail, forelock, and wither tuft may not contain ornaments (ribbons, bows, etc.), but may be braided or banded for English or Western. The length of mane and tail may vary, as long as they are neat, clean, and free of tangles. The mane should be even in length. The bridle path, eyebrows, and long hair on the head and legs may be clipped, except where government regulations prohibit;

2) Hooves should be properly trimmed and if shod, the shoes should fit correctly and clinches should be neat. Hooves must be clean and may be painted black or with hoof dressings, or shown naturally;

3) Tack should fit properly and be neat, clean and in good repair.

6207. Performance

A. The exhibitor should perform the work accurately, precisely, smoothly, and with a reasonable amount of speed. Increasing speed of the work increases the degree of difficulty, however, accuracy and precision should not be sacrificed for speed. The horse should lead, stop, back, turn, and set up willingly, briskly and readily with minimal visible or audible cueing. Severe disobedience will not result in a disqualification but should be penalized severely, and the exhibitor should not place above an exhibitor that completes the pattern correctly. Excessive schooling or training, willful abuse, or loss of control of the horse by the exhibitor, failure to follow prescribed pattern, knocking over or working on the wrong side of the cones shall be cause for disqualification;

B. The horse should be led directly to and away from the judge in a straight or curved line and track briskly and freely at the prescribed gait as instructed. The horse's head and neck should be straight and in line with the body;

C. The stop should be straight, prompt, smooth and responsive with the horse's body remaining straight;

D. The horse should back up readily with the head, neck and body aligned in a straight or curved line as instructed;

E. On turns of greater than 90 degrees, the ideal turn consists of the horse pivoting on the right hind leg while stepping across and in front of the right front leg with the left front leg. An exhibitor should not be penalized if their horse performs a pivot on the left hind leg, but an exhibitor whose horse performs the pivot correctly should receive more credit;

F. The horse should be set up quickly with the feet squarely underneath the body. The exhibitor does not have to reset a horse that stops square.

G. Pull turn to the left is an unacceptable maneuver.

6208. An exhibitor should be penalized in the pattern independent of maneuver scores and deducted from the final score as follows:

A. Three (3) points

Break of gait at walk or trot for up to two strides

Over or under turning up to $\frac{1}{4}$ of a turn

Ticking or hitting cone

Sliding a pivot foot

Lifting a pivot foot during a pivot or set-up and replacing it in same place

Lifting a foot in a set-up and replacing it in the same place after presentation

B. Five (5) points

Not performing the gait or not stopping within 10 feet of designated location

Break of gait at walk or trot for more than two stride

Splitting the cone (Cone between the horse and handler)

Horse stepping out of or moving the hind end significantly during pivot or turn

Horse stepping out of set-up after presentation

Over/under turning $\frac{1}{8}$ to $\frac{1}{4}$

Horse resting a foot or hipshot in a setup

C. Ten (10) points

Exhibitor is not in required position during presentation

Exhibitor touching the horse or kicking or pointing their feet at the horse's

feet during set up

Standing directly in front of the horse

Loss of lead shank or holding chain or two hands on shank.

Blatant disobedience including rearing or pawing; horse kicking at other horses, exhibitors or judge; or horse continuously circling the exhibitor

D. Disqualifications (should not be placed) include:

Loss of control of horse that endangers exhibitors, other horses, or judge

Horse becomes separated from exhibitor

Failure to display correct number

Willful abuse

Excessive schooling or training, or use of artificial aids

Knocking over the cone or going off pattern

Illegal equipment

Off pattern, including knocking over the cone or wrong side of the cone or marker; never performing designated gait; over or under turning more than 1/4 turn.

In Novice Classes Only: Exhibitor's going off pattern, knocking over or on wrong side of cone, never performing specified gait, or overturning more than 1/4 turn than designated, shall not be disqualified, but must always place below exhibitors not incurring a disqualifying fault.

YOUTH HUNTER UNDER SADDLE

6221. Class Specifications. See Hunter Under Saddle **Rule. 3425**

6222. Hand Gallop. Horses shall not be asked to hand gallop.

YOUTH HUNT SEAT EQUITATION ON THE FLAT

6231. Hunt seat equitation on the flat is an evaluation based on the ability of a hunter rider to perform various maneuvers in harmony with his/her horse which provides a base for natural progression to over fence classes. The communication between horse and rider through subtle cues and aids should not be obvious. Equitation is judged on the rider and his/her effect on the horse. Hunt seat equitation on the flat provides a base for a natural progression to over fence classes. The poll should be level with, or slightly above the withers, to allow proper impulsion behind. The head should not be carried behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance.

6232. Pattern. It is mandatory that the judge(s) post the pattern at least one hour prior to commencement of the class. The pattern should be designed so the majority of exhibitors can perform it in a reasonable length of time (under 60 seconds). All patterns must include a trot, canter and a back. Patterns used in classes for riders 13 and under should use maneuvers from Group #1 and/or Group #2. Horses' gaits are to be ridden with the same cadence and speed, as you would find in the rail phase. All ties will be broken at the discretion of the judge.

6233. Basic Position. To mount, take up reins in left hand and place hand on withers. Grasp stirrup leather with right hand and insert left foot in stirrup and mount. To dismount, rider may either step down or slide down. The size of rider must be taken into consideration.

A. Hands should be over and in front of horse's withers, knuckles thirty degrees inside the vertical, hands slightly apart and making a straight line from horse's mouth to rider's elbow. Method of holding reins is optional, and bight of reins may fall on either side. However, all reins must be picked up at the same time.

B. The eyes should be up and shoulders back.

C. Toes should be at an angle best suited to rider's conformation; heels down, calf of leg in contact with horse.

D. Iron should be on the ball of the foot. Iron or stirrup leather may not be connected by string or any other material to the girth.

E. Appropriate English attire must be worn. Clothes and person are to be neat and clean. The use of any type of artificial aid or magnetic device will result in disqualification.

6234. Class Procedure. Exhibitors may be worked individually from the gate or they may all enter at once but a working order must be drawn regardless. The entire class, or only the finalist, may work at all three gaits at least one direction of the arena. Rail work can be used to break ties and possibly adjust placings

A. A turn on the forehand to the right is accomplished by moving haunches to the left.

B. A forehand turn to the left is accomplished by moving haunches to the right.

C. When performing a leg-yield, the horse should move forward and lateral in a diagonal direction with the horse's body straight with a slight flexion of the head in the opposite direction of lateral movement. When a horse yields to the right the head is slightly (just to see the eye of the horse) to the left. A horse yielding to the left the head is slightly flexed to the right.

D. If riders are asked to drop their irons, they can leave them down or cross them over the withers.

6235. Individual works may be comprised of any of the following: **Group #1:** Walk, Sitting Trot, Extended Trot, Posting Trot, Canter, Circles, Figure 8, Halt, Back, Sidepass, Address Reins, Demonstrate Change of Diagonal. **Group #2:** Serpentine (Trot or Canter), Turn on Haunches or Forehand, Leg Yield, Flying or Simple Change of Lead. **Group #3:** Canter and Hand Gallop in a straight or curved line, Counter Canter Figure 8, Drop or Pick-up Irons without stopping.

A. Walk: Should be a 4-beat gait with the rider in a vertical position with a following hand.

B. Posting Trot: Figure 8 at trot, demonstrating change of diagonals. At left diagonal, rider should be sitting the saddle when left front leg is on the ground; at right diagonal rider should be sitting the saddle when right front leg is on the ground; when circling clockwise at a trot, rider should be on left diagonal; when circling counter-clockwise, rider should be on right diagonal. The rider should close his/her hip angle to allow his/her torso to follow the horizontal motion of the horse. The upper body should be inclined about 20 degrees in front of the vertical.

C. Sitting Trot and Canter: At the sitting trot the upper body is only slightly in front of the vertical. At the canter the body should be positioned slightly more in front of the vertical. As the stride is shortened, the body should be in a slightly more erect position.

D. Two Point Position: The pelvis should be forward, but relaxed, lifting the rider's weight off the horse's back and transferring the weight through the rider's legs. In this position the two points of contact between horse and rider are the rider's legs. Hands should be forward, up the neck, not resting on the neck.

E. Hand Gallop: A three-beat, lengthened canter ridden in two-point position. The legs are on the horse's sides while the seat is held out of the saddle. When at the hand gallop, the rider's angulation will vary somewhat as the horse's stride is shortened and lengthened. A good standard at a normal hand gallop should be about 30 degrees in front of the vertical.

6236. Scoring: Exhibitors are to be scored from 0 to infinity, with 70 denoting an average performance. Patterns will be divided into 6 to 10 maneuvers, as specified by the judge, and each maneuver will be scored from +3 to -3 with 1/2 point increments acceptable that will be added or subtracted from 70. Maneuver scores should be determined independent of penalties, and should reflect equal consideration of both performance of the exhibitor's pattern and the equitation form and effectiveness of the exhibitor to result in the following scores: +3 Excellent, +2 Very Good, +1 Good, 0 Average or Correct, -1 Poor, -2 Very Poor, -3 Extremely Poor. Exhibitors overall equitation form and effectiveness should also be scored from 0 to 5 with 0 to 2 Average, 3 Good, 4 Very Good, 5 Excellent. Exhibitors may also be judged on the rail, and their pattern score and/or ranking may be adjusted as appropriate.

A. Three (3) points

Break of gait at walk or trot up to 2 strides

Over/under turn of 1/8 to 1/4

Tick or hit of cone

Obviously looking down to check leads or diagonals

B. Five (5) points

Missing diagonal for up to 2 strides

Not performing the specific gait or not stopping within 10 feet of designated location

Incorrect lead or break of gait at the canter (except when correcting an incorrect lead)

Complete loss of contact between rider's hand and the horse's mouth

Break of gait at walk or trot for more than two strides

Loss of iron

Head carried too low and/or clearly behind the vertical while the horse is in motion, showing the appearance of intimidation

C. Ten (10) points

Loss of rein

Use of either hand to instill fear or praise while on pattern or during rail work

Holding saddle with either hand

Kicking at other horses, exhibitors or judge

Blatant disobedience including, but not limited to, rearing, bucking or pawing.

D. Disqualifications (should not be placed) include:

Failure by exhibitor to wear correct number in visible manner

Willful abuse of horse or schooling

Fall by horse or rider

Illegal use of hands on reins

Use of prohibited equipment

Off pattern including: Knocking over or wrong side of the cone or marker; never performing designated gait, lead or diagonal; over or under turning more than 1/4 turn

In Novice Classes Only: Exhibitor's going off pattern, knocking over or on wrong side of cone, never performing specified gait, lead or diagonal or over-turning more than 1/4 turn than designated, shall not be disqualified, but must always place below exhibitors not incurring a disqualifying fault.

Faults, which will be cause for disqualification, except in novice amateur or novice youth classes, which shall be faults, scored according to severity:

Head carried too low and/or clearly behind the verticle excessively and consistently while the horser is motion, or otherwise showing the appearance of intimidation.

YOUTH HUNT SEAT EQUITATION OVER FENCES

6238. The purpose of this event should be to evaluate amateur and youth rider's correctness and ability over the fences. This class should be judged on the precision of riding ability while executing the jumps. The class objective is to judge the rider's ability over the fences, not the horses. Only the effect the rider has on a horse is to be considered. How a rider elects to ride the course, the pace and approach to the jumps are used to evaluate the rider's judgment and ability.

A. Course requirements.

1) At least four obstacles are required and horses must jump a minimum of six fences.

2) Refer to **Rule(s) 3471-3474** regarding hunter courses which should be offered enabling the rider to be judged on their ability to establish and maintain an even hunting pace.

3) At least one change of direction is required.

4) Minimum height of fences must be 2'6" (79 cm), with a maximum height of 3' (91.4 cm). Except in novice and select classes where the maximum height is 2'9" (83.8 cm).

5) It is recommended that show management offer this class after its corresponding working hunter class.

6239. Class Routine. It is mandatory that the judge(s) post the course at least one hour prior to commencement of the class.

A. The exhibitor is being judged as soon as he/she enters the arena. Exhibitors have the option of entering the arena at any gait (unless otherwise stated on the course), making transition to canter from halt, walk or trot before approaching the first fence;

B. Each competitor may circle once before approaching the first obstacle, then proceeds around the course keeping an even pace throughout;

C. Rider must obtain correct lead to properly turn around end of arena before breaking into final trot circle. The class is not over until the exhibitor trots a circle and walks out of the ring. Riders should leave the arena at a walk unless otherwise instructed;

D. Except for refusals, and knockdowns, jumping faults of the horse are not to be considered unless it is the result of the rider's ability. If a refusal occurs in a double or triple, competitors must re-jump all obstacles in the combination. In case of knockdowns, the judge will determine a base score for each competitor's performance. A knockdown penalty of 4 points per obstacle will be deducted from base score.

E. In cases of broken equipment or loss of shoe, competitor must continue or be eliminated.

F. An exhibitor may enter the class only one time.

6240. The following will result in elimination:

A. Three accumulative refusals;

B. Off course.

If elimination occurs during a ride-off, the competitor is placed last of all those chosen for the ride-off.

6241. The following constitute major faults:

- A. Refusal
- B. Loss of stirrup
- C. Trotting while on course when not part of a test
- D. Incorrect Diagonal
- E. Loss of reins
- F. Outside assistance will be penalized at the judge's discretion.

6242. In case of broken equipment or loss of shoe, competitor must continue or be eliminated.

6243. An exhibitor may enter the class only one time.

6244. Suggested Scoring System:

Scoring may be on a basis of 0-100, with an approximate breakdown as follows:

A. 90-100: Excellent equitation, position and presentation; meets all fences squarely and at proper distance. Uses all options to their advantage.

B. 80-89: Minor equitation faults, i.e., long, weak distance, deep distance, one step landing at counter-canter. Rider still maintains a quality ride.

C. 70-79: More problems occur, equitation suffers, i.e., rounded shoulders, heels are not down, hands incorrect, lacks the style and presence. One major fence problem, i.e., chip with a ride up the neck, or discreet swap out, jumping off one side of jump. No dangerous fences, not a flowing course.

D. 60-69: Major equitation faults, poor body position, loose legs and seat, failure to obtain or maintain trot to a trot fence approach, 2 or 3 misses at the fence.

E. 40-59: Breaking to a trot while on course, counter-canter or cross-canter at ends of arena, missed lead changes, loss of stirrup, dropping a rein, extra stride in combination.

F. 10-39: Rider avoids elimination, one or two refusals, knockdowns, dangerous fences.

****If a rider steps into the obvious wrong lead for one or two strides only before or on the courtesy circle, it is noted on the score sheet, which may be used as a tie breaker in the event of a ride of equal quality and score.**

YOUTH WESTERN HORSEMANSHIP

6251. The western horsemanship class is designed to evaluate the rider's ability to execute, in concert with their horse, a set of maneuvers prescribed by the judge with precision and smoothness while exhibiting poise and confidence, and maintaining a balanced, functional, and fundamentally correct body position. The ideal horsemanship pattern is extremely precise with the rider and horse working in complete unison, executing each maneuver with subtle aids and cues. The horse's head and neck should be carried in a relaxed, natural position, with the poll level with or slightly above the withers. The head should not be carried behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance.

6252. Pattern. It is mandatory that the judge(s) post any pattern(s) to be worked at least one hour prior to the commencement of the class; however, if the judge requires additional work of exhibitors for consideration of final placing, the pattern may be posted. Pattern(s) should be designed to test the horseman's ability. All ties will be broken at the judges discretion.

6253. Class Procedures. All exhibitors must enter the ring and then work individually or each exhibitor may be worked from the gate individually. When exhibitors are worked individually from the gate, a working order is required. Exhibitors should be instructed to either leave the arena, fall into line, or fall into place on the rail after their work. The whole class, or just the finalists, may work at all three gaits at least one direction of the arena.

A. The following maneuvers are acceptable in a pattern: walk, jog, trot, extended trot, lope, or extended lope in a straight line, curved line, serpentine, circle, or figure 8, or combination of these gaits and maneuvers; stop; back in a straight or curved line; turn or pivot, including spins and rollbacks on the haunches and/or on the forehand; sidepass, two-track, or leg-yield; flying or simple change of lead; counter canter; or any other maneuver; or ride without stirrups. A back should be asked for at some time during the class;

B. Judges should not ask exhibitors to mount or dismount.

6254. Scoring. Exhibitors are to be scored from 0 to infinity, with 70 denoting an average performance. Patterns will be divided into 6 to 10 maneuvers, as specified by the judge, and each maneuver will be scored from +3 to -3 with 1/2 point increments acceptable that will be added or subtracted from 70. Maneuver scores should be determined independent of penalties, and should reflect equal consid-

eration of both performance of the exhibitor's pattern and the horsemanship form and effectiveness of the exhibitor to result in the following scores: +3 Excellent, +2 Very Good, +1 Good, 0 Average or Correct, -1 Poor, -2 Very Poor, -3 Extremely Poor. Exhibitors overall horsemanship form and effectiveness should also be scored from 0 to 5 with 0 to 2 Average, 3 Good, 4 Very Good, 5 Excellent. Exhibitors may also be judged on the rail, and their pattern score and/or ranking may be adjusted as appropriate.

6255. Overall Appearance of Exhibitor and Horse. The exhibitor's overall poise, confidence, appearance, and position throughout the class as well as the physical appearance of the horse will be evaluated.

A. Appearance of Exhibitor. Appropriate western attire must be worn. Clothes and person are to be neat and clean. The use of any type of artificial aid or magnetic device will result in disqualification.

B. Position of Exhibitor. The exhibitor should appear natural in the seat and ride with a balanced, functional, and correct position regardless of the maneuver or gait being performed. During the rail work and pattern the exhibitor should have strong, secure, and proper position.

1) Exhibitors should sit and maintain an upright position with the upper body at all gaits. The rider should sit in the center of the saddle and the horse's back with the legs hanging to form a straight line from the ear, through the center of the shoulder and hip, touching the back of the heel or through the ankle. The heels should be lower than the toes, with a slight bend in the knee and the lower leg should be directly under the knee. The rider's back should be flat, relaxed, and supple. An overly stiff and/or overly arched lower back will be penalized. The shoulders should be back, level, and square. The rider's base of support should maintain secure contact with the saddle from the seat to the inner thigh. Light contact should be maintained with the saddle and horse from the knee to mid-calf. The knee should point forward and remain closed with no space between the exhibitor's knee and the saddle. The exhibitor will be penalized for positioning the legs excessively behind or forward of the vertical position. Regardless of the type of stirrup, the feet may be placed home in the stirrup, with the boot heel touching the stirrup, or may be placed with the ball of the foot in the center of the stirrup. The rider's toes should be pointing straight ahead or slightly turned out with the ankles straight or slightly broken in. Riding with toes only in the stirrup and riding without contact of bottom of boot securely on pad of stirrup, will be penalized. Those exhibitors that can maintain the proper position throughout all maneuvers should receive more credit. When riding without stirrups, the exhibitor should maintain the same position as previously described. Both hands and arms should be held in a relaxed, easy manner, with the upper arm in a straight line with the body. The arm holding the reins should be bent at the elbow forming a line from the elbow to the horse's mouth. The free hand and arm may be carried bent at the elbow in a similar position as the hand holding the reins or straight down at the rider's side. Excessive pumping of the free arm as well as excessive stiffness will be penalized. The rider's wrist is to be kept straight and relaxed, with the hand held at about 30 to 45 degrees inside the vertical. The rein hand should be carried immediately above or slightly in front of the saddle horn. The reins should be adjusted so that the rider has light contact with the horse's mouth, and at no time shall reins require more than a slight hand movement to control the horse. Excessively tight or loose reins will be penalized.

2) The rider's head should be held with the chin level and the eyes forward, and may be directed slightly toward the direction of travel. Excessive turning of the head to the inside of the circle, or down at the horse's head or shoulder will be penalized.

3) The exhibitor should not crowd the exhibitor next to or in front of them when working on the rail and should pass to the inside of the arena. When reversing on the rail, the exhibitor should always reverse to the inside of the arena.

6256. Appearance of Horse.

The horse's body condition and overall health and fitness should be assessed. The horse should appear fit and carry weight appropriate for the body size. A horse, which appears sullen, dull, lethargic, emaciated, drawn, or overly tired should be penalized according to severity.

A. Tack should fit the horse properly, and be neat, clean, and in good repair.

6257. Pattern Performance. The exhibitor should perform the work accurately, precisely, smoothly, and with a reasonable amount of promptness. Increasing

speed of the maneuvers performed increases the degree of difficulty, however accuracy and precision should not be sacrificed for speed. Exhibitors that perform the pattern sluggishly and allow their horse to move without adequate impulsion, collection, or cadence will be penalized.

A. The horse should perform all maneuvers in the pattern willingly, briskly, and readily with minimal visible or audible cueing. Severe disobedience will not result in a disqualification, but should be severely penalized and the exhibitor should not place above an exhibitor that completes the pattern correctly. Failure to follow the prescribed pattern, knocking over or working on the wrong side of the cones, excessive schooling or training, or willful abuse by the exhibitor is cause for disqualification.

B. The horse should track straight, freely, and at the proper cadence for the prescribed gait. Transitions should be smooth and prompt in the pattern and on the rail, and should be performed when called for on the rail. The horse's head and neck should be straight and in line with their body while performing straight lines and slightly arched to the inside on curved lines or circles. Circles should be round, and performed at the appropriate speed, size, and location as requested in the pattern. The counter-canter should be performed smoothly with no change in cadence or stride unless specified in the pattern.

C. The stop should be straight, square, prompt, smooth, and responsive with the horse maintaining a straight body position throughout the maneuver.

D. The back should be smooth and responsive.

E. Turns should be smooth and continuous. When performing a turn on the haunches, the horse should pivot on the inside hind leg and step across with the front legs. A rollback is a stop and 180 degree turn over the hocks with no hesitation. Backing during turns will be penalized severely.

F. The horse should step across with the front and hind legs when performing the sidepass, leg yield, and two track. The sidepass should be performed with the horse keeping the body straight while moving directly lateral in the specified direction. When performing a leg yield, the horse should move forward and lateral in a diagonal direction with the horse's body arced opposite to the direction that the horse is moving. In the two track, the horse should move forward and lateral in a diagonal direction with the horse's body held straight or bent in the direction the horse is moving.

G. A simple or flying change of lead should be executed precisely in the specified number of strides and/or at the designated location. A simple change of lead is performed by breaking to a walk or trot for one to three strides. Flying changes should be simultaneous front and rear. All changes should be smooth and timely. If rail work is required the Position of the exhibitor and performance of the horse and rider on the rail must be considered in the final placing.

6258. Penalties. An exhibitor should be penalized in the pattern independent of maneuver scores and deducted from the final score as follows:

A. Three (3) points

Break of gait at walk or jog/trot up to 2 strides

Over/under turn up to 1/8 to 1/4

Tick or hit of cone

Obviously looking down to check leads

B. Five (5) points

Not performing the specific gait or not stopping within 10 feet of designated location

Incorrect lead or break of gait at the lope (except when correcting an incorrect lead)

Break of gait at walk or jog for more than 2 strides

Loss of Stirrup

Bottom of boot not touching pad of stirrup at all gaits including backup

Head carried too low and/or clearly behind the verticle while the horse is in motion, showing the appearance of intimidation

C. Ten (10) points

Loss of rein

Use of either hand to instill fear or praise while on pattern or during rail work

Holding saddle with either hand

Cueing with the end of the romal

Spurring in front of the cinch

Blatant disobedience including, but not limited to, rearing bucking or pawing

D. Disqualifications (should not be placed) include:

Failure by exhibitor to wear correct number in visible manner

Abuse of horse or schooling

Fall by horse or rider

Illegal equipment or illegal use of hands on reins

Use of prohibited equipment

Off pattern, including: knocking over or wrong side of cone or marker, never performing designated gait or lead;

Over or under turning more than 1/4

In Novice Classes Only: Exhibitor's going off pattern, knocking over or on wrong side of cone, never performing specified gait, or overturning more than 1/4 turn than designated, shall not be disqualified, but must always place below exhibitors not incurring a disqualifying fault.

YOUTH STAKE RACE

6321. Timing. This is a timed event.

6322. Hat or Helmet. A five (5) second penalty will be assessed if the hat or helmet is not on the exhibitor's person for the entire time the exhibitor is in the arena. Refer to Attire **Rule(s) 3301 A-B**.

6323. Timing shall begin as soon as the horse's nose reaches the starting line and will be stopped when the horse's nose passes over the finish line.

6324. If an upright marker is knocked down, there is no time. If the original course is altered twelve (12") by a rider intentionally grasping a pole, a five second penalty for each pole grasped will be assessed.

6325. The contestant is allowed a running start.

6326. Course. The start/finish line is 30 feet (9.15m) wide and marked by two upright markers (cone or pylons) short enough not to interfere with the timer if one is used. Short pylons or cones are recommended. There are two stakes in this event. The stakes shall be 80 feet (24.38m) apart. The first stake shall be 21 feet (6.4m) from the start/finish line and the second stake shall be 101 feet (30.78m) from the start/finish line if arena size permits.

6327. Pattern 1. The pattern may be shortened depending upon arena size; however the two stakes must always be placed 80 feet (24.38 m) apart, regardless of the distance between the first stake and the start/finish line. Exhibitor shall cross the start/finish line and run down the right side or left side of the poles to the second pole making either a right or left hand turn. Exhibitor shall not cross between the two poles before making the first turn. Exhibitor shall then run to the first pole and make a turn in the opposite direction. Exhibitors must then run back to the second pole and repeat first turn then run straight back down either the left or right side of the poles (opposite side than when first crossing start line and running to second pole) and cross the start/finish line.

6328. Pattern 2. The contestant will start by crossing the center line between the upright markers, run the pattern as shown in the diagram and finish by again crossing the center line.

6329. The contestant may go to the right or left of the first pole, as long as the pattern is run correctly.

6330. Ties. If a tie occurs where points are involved, placing will be worked off if all tied exhibitors agree to participate in a run-off, if not, a coin toss will be used to separate the ties. In the event of a tie, the horse declared the winner in the runoff must re-run the pattern within two (2) seconds of its original time or the runoff must be held again. Penalty time will not apply to the two (2) second rule, but will apply to the final runoff time.

6331. Disqualification. Failure to follow the course, loss of course includes negotiating obstacles in any other than specified order, the wrong direction, stopping, circling, backing or reversing direction of movement to correct improper passing of an obstacle shall cause disqualification.

A. A whip may not exceed two feet in length excluding over and unders which must be attached to the saddle.

B. Any deviation from the pattern.

C. The judge must disqualify a contestant for excessive use of a whip, rope, crop, bat or reins anywhere on the horse.
