- Determine the financial impact (both income and expense) your proposal could have on PHBA.

The PHBA President will assign proposed rule changes to specific committees for their recommendations. Some committees may be asked to review a proposed rule change and report their recommendations to another committee that ultimately reports to the Board of Directors. Committee Chairs will need to coordinate that input. Committees are free to discuss other proposed rule changes but the assigned committee's recommendation is that which will be used during voting at the Board of Directors Meeting.

Unregistered Palomino colored Horses (pg 49)

545. If a Palomino horse is not eligible for registration with one of the recognized breed associations listed above, it may be considered for registration strictly on color characteristics for the body, skin, eyes, markings, mane and tail, and **height**.

548. The owner must submit:

B. A written letter, or electronic transmission, from a licensed veterinarian on their official letterhead, stating proof of age, sex, **height**, and current ownership. Must be submitted at time of application and signed by submitting veterinarian.

Reasoning:

PHBA has a height restriction to go by, 14H-17H, rule # 502 pg 46. Adding the word **height** is to make sure those who enter by means of Unregistered Palomino colored horses abide by these standards also.

The Additional Eligible / Color & Conformation Registration Application will need to add a place in which to insert an area to ask for height.

Cost:

office time to alter registration form
