A rule or regulation is not subject to amendment by change, addition or repeal until it has been in force for at least two calendar years. Such limitation may be waived by the PHBA Executive Board upon finding extraordinary circumstances: A. Concerns the safety, health or well being of a horse and/or rider; B. Materially benefits PHBA's programs or it's financial stability; or C. Involves other compelling circumstances.

The PHBA President will assign proposed bylaw or rule changes to specific committees for their recommendations. Some committees may be asked to review a proposed rule change and report their recommendations to another committee that ultimately reports to the Board of Directors. Committee Chairs will need to coordinate that input. Committees are free to discuss other proposed rule changes but the assigned committee's recommendation is that which will be used during voting at the Board of Directors' meeting.

Instructions for writing a proposed rule change:

- Define the problem and develop as many positive solutions as possible.
- Determine if any other rules would be affected if your proposal were to be adopted and specify the rule numbers.

This rule change will enable riders to participate in ranch classes immediately before or after competing in classes where braiding or banding is preferred or required. This adjustment is designed to encourage more individuals to take part in ranch classes, especially those who may have been discouraged by the need to remove braids or bands and redo them for subsequent show days. By eliminating this barrier, the rule change aims to increase participation and interest in ranch classes.

6. How will this rule change affect PHBA financially if adopted:

This rule will financially benefit PHBA because it will encourage exhibitors to participate in classes that they would not have previously considered.

7. Estimated expense to PHBA if rule change is adopted:

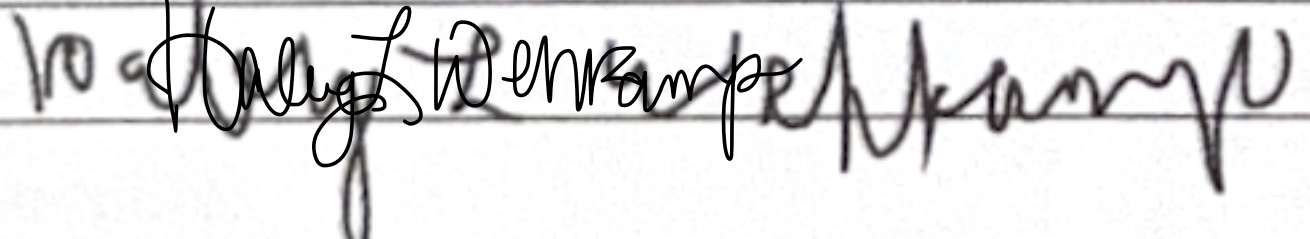

No anticipated financial expense.
